### HISTORICAL NOTICE.

On the 23rd December, 1878, a Royal Commission was appointed to inquire into and report upon the operations of the University of New Zealand and its relations to the Secondary Schools of the Colony, and upon the best means of bringing secondary and higher education within the reach of the youth of both sexes. The Commission in its report, under date 9th July, 1879, among other things, recommended that the inequality in the educational institutions of the two islands should be removed by establishing, at the most important centres of population in the North Island, Colleges capable of supplying an education of the same standard as that provided by the University of Otago and Canterbury College, and proposed that the Government should invite the Legislature to make immediate provision for the establishment of two Colleges, one at Auckland and the other at Wellington.

For the maintenance of these two Colleges the Commissioners suggested that the Government should utilise the reserves set apart for the promotion of higher education in the Provincial Districts of Auckland and Wellington, and that the two Colleges should be respectively endowed with Crown lands sufficient to provide an immediate in-

come to each amounting to £4,000 per annum; that, if this were not practicable, the deficit in each case should be made good by a pecuniary grant.

A College was established in Auckland by "The Auckland University College Act, 1882."

Nothing was done for Wellington until the year 1894, when an Act was passed entitled "The Middle District of New Zealand University College Act, 1894," which said "There shall be established in the city of Wellington a College to be connected with the University of New Zealand"; and provision was made for a governing body, to be called the Council, but no provision was made for any pecuniary grant or endowment. Certain members of the Council were appointed, but nothing could be done for want of funds.

In the year 1897, the Right Hon. R. J. Seddon, P.C., Premier of the Colony, introduced into Parliament the Victoria College Act! an Act, as stated in the preamble, "to promote Higher Education by the establishment of a College at Wellington in commemoration of the sixtieth year of the reign of Her Majesty Queen Victoria," the College being intended to embrace in its work the Provincial Districts of Wellington, Taranaki, Hawke's Bay, Nelson, Marlborough and Westland. The Act was passed on the 22nd December, 1897, the Council was formed, and the work of organisation was begun. The Act provides for the payment out of the Consolidated Fund of a grant of £4,000 a year, and out of this sum the Council was required to give six scholarships each year, called "Queen's Scholarship," to persons of either sex under the age of 14 years upon the results of an examination under such conditions as the Council may prescribe. In 1903 an amending Act was passed providing for six Junior and four Senior Queen's Scholarships. In 1906 the College was relieved of the payment of these Scholarships. By the Education Act Amendment

Act, 1907, the Queen's Scholarships were abolished. The Act of 1897 further set apart a parcel of land 4,000 acres in extent in the Nukumarū Survey District (Wellington Provincial District) as an endowment for the College.

The Council decided to begin by the appointment of four Professors for the Chairs of Classics, English Language and Literature, Chemistry and Physics, and Mathematics and Mathematical Physics, and the following were appointed:—Classics, J. R. Brown, M.A., St. Andrews and Oxford; English Language and Literature, H. Mackenzie, M.A., St. Andrews; Chemistry and Physics, T. H. Easterfield, M.A., Cambridge, Ph.D., Würzburg; Mathematics, R. C. Maclaurin, M.A., LL.D., Cambridge. These Professors arrived in the Colony at the end of March, 1899, and as soon as possible classes were organised and lectures begun.

The Staff has since been increased by the foundation of Chairs in Modern Languages, Biology, Roman Law, etc., English and New Zealand Law, Mental and Moral Philosophy, Physics, Education, Economics, History, Geology and Agriculture.

The College was admitted as an institution affiliated to the University of New Zealand on the 23rd February, 1899.

#### SITE AND BUILDINGS.

In 1900 an Act was passed whereby the College Council was empowered to acquire a site for the College buildings, being part of a town reserve situated on Salamanca Road, six acres in extent, and the Government provided £31,000 towards the cost of buildings. A portion of the buildings was erected, the foundation stone being laid by His Excellency Lord Plunket, K.C.V.O., on the 27th August, 1904. They were opened by His Excellency Lord Plunket on the 30th March, 1906.

In March, 1910, a further portion of the buildings was completed, forming a wing at the rear of

the Arts Building. This wing contains two large class-rooms, and in the basement a men's cloak room, and common rooms for students.

In 1919, the Government made the College a grant for the north wing. This wing provides accommodation for the Library and the new School of Economics, and a new Women's Common Room and a new Tea Room.

The library contains a handsome stained glass window erected in memory of the students who fell in the War, 1914-1918.

In 1921 the Government made a further grant for the erection of the South Wing. This wing provided accommodation for the Physics and Geology Departments and freed additional space for Chemistry and Biology in the old Science Wing.

In 1905, the College received from Parliament an additional annual grant of £2,000 for specialisation in Law and Science.

In 1914, the Victoria College Amendment Act was passed, by which it was enacted that the name of the College should in future be the Victoria University College. Changes were made in the constitution of the Council and of the Professorial Board. In the same year by an amendment to the New Zealand University Act an increase of £3,000 was made in the annual grant, and all the grants from the Government were consolidated into one annual grant of £9,000; further, the College was allotted a share of the National Endowment grant, part of which (amounting in 1925 to £2,083) comes direct from the Government, while a second part (amounting in 1925 to £1,040) is paid through the New Zealand University. Of this last sum £300 is set apart for Workers' Educational Classes.

In 1923, a short amending Act was passed which gave the Council power to levy its own Class fees without the previous approval of the Governor-in-Council. It also provided for a change in the date

of the end of the Financial Year from March 31st to December 31st, and for a change in the date of the Annual Meeting of the Council from the May Meeting to the July Meeting.

In 1919, an amending Act to the New Zealand University Act was passed, in which it was enacted that from April 1st, 1920, the annual grant to this College should be increased by £2,500.

In 1915, the Trustees of the late T. G. Macarthy made a grant of £10,000, for the purpose of establishing a School of Economics, to be called "The T. G. Macarthy School of Economics." The foundation of the Chair was, however, delayed owing to the war. The Chair was founded in 1920 by the appointment of Professor B. E. Murphy.

In the same year, under the will of the late Sarah Anne Rhodes, the sum of £10,000 was left to the Council for the education of women.

In 1921 the Council arranged with the S. A. Rhodes Trustees to grant either a Sarah Anne Rhodes Fellowship, or a Sarah Anne Rhodes Scholarship, and alternative sets of regulations were drawn up. The first scholarship was awarded in 1921 to Miss Eleanor A. Pope, B.Sc.

The first Fellowship was awarded to Miss E. A. Pope in 1925.

In 1923 Sir Walter Buchanan made a donation of £10,000 to found a Chair of Agriculture. The Chair was filled by the appointment of Professor G. S. Peren, B.S.A., Toronto.

Upon the establishment of the Massey Agricultural College in 1927 the Victoria University College Council agreed to hand over the income derived from the Buchanan Trust funds to that College, and Professor G. S. Peren resigned his Chair having been appointed Principal of the Massey College.

In 1926, by the will of the late W. Weir, a sum estimated at £60,000 was left to the College to provide and maintain a hostel for men students.

The Council has leased from the Wellington Hospital Board a very fine site overlooking the harbour and adjoining Kelburn Park on which it is proposed to proceed with the erection of one or more hostels as soon as the money from the bequest becomes available. This will be some time in 1929.

In 1928 by an amendment of the N.Z. University Act, the statutory grant was increased from £10,600 to £11,750.

#### COLLEGE LIBRARY.

The movement has now grown considerably, and in 1928 thirty-eight full tutorial classes and twelve study circles and short courses were being conducted in different parts of the Victoria University District.

A permanent Tutor (Mr. A. E. Mander) for the East Coast (Hawke's Bay and Wairarapa), and West Coast districts (Taranaki and Manawatu) has been appointed, who lectures to several classes in each district.

The Council has appointed Professor T. A. Hunter as Director of Studies.
