HISTORICAL NOTICE.

On the 23rd December, 1878, a Royal Commission was appointed to inquire into and report upon the operations of the University of New Zealand and its relations to the Secondary Schools of the Colony, and upon the best means of bringing secondary and higher education within the reach of the youth of both sexes. The Commission in its report, under date 9th July, 1879, among other things, recommended that the inequality in the educational institutions of the two islands should be removed by establishing, at the most important centres of population in the North Island, Colleges capable of supplying an education of the same standard as that provided by the University of Otago and Canterbury College, and proposed that the Government should invite the Legislature to make immediate provision for the establishment of two Colleges, one at Auckland and the other at Wellington.

For the maintenance of these two Colleges the Commissioners suggested that the Government should utilise the reserves set apart for the promotion of higher education in the Provincial Districts of Auckland and Wellington, and that the two Colleges should be respectively endowed with Crown lands sufficient to provide an immediate income to each amounting to £4,000 per annum; that, if this were not practicable, the deficit in each case should be made good by a pecuniary grant.

A College was established in Auckland by "The Auckland University College Act, 1882."

Nothing was done for Wellington until the year 1894, when an Act was passed entitled "The Middle District of New Zealand University College Act, 1894," which said "There shall be established in the city of Wellington a College to be connected with the University of New Zealand"; and provision was made for a governing body, to be called the Council, but no provision was made for any pecuniary grant or endowment. Certain members of the Council were appointed, but nothing could be done for want of funds.

In the year 1897, the Right Hon. R. J. Seddon, P.C., Premier of the Colony, introduced into Parliament the Victoria College Act, an Act, as stated in the preamble, "to promote Higher Education by the establishment of a College at Wellington in commemoration of the sixtieth year of the reign of Her Majesty Queen Victoria," the College being intended to embrace in its work the Provincial Districts of Wellington, Taranaki, Hawke's Bay, Nelson, Marlborough and Westland. The Act was passed on the 22nd December, 1897, the Council was formed, and the work of organisation was begun. The Act provides for the payment out of the Consolidated Fund of a grant of £4,000 a year, and out of this sum the Council was required to give six scholarships each year, called "Queen's Scholarship," to persons of either sex under the age of 14 years upon the results of an examination under such conditions as the Council may prescribe. In 1903 an amending Act was passed providing for six Junior and four Senior Queen's Scholarships. In 1906 the College was relieved of the payment of these Scholarships. By the Education Act Amendment Act, 1907, the Queen's Scholarships were abolished. The Act of 1897 further set apart a parcel of land 4,000 acres in extent in the Nukumarū Survey

District (Wellington Provincial District) as an endowment for the College.

The Council decided to begin by the appointment of four Professors for the Chairs of Classics, English Language and Literature, Chemistry and Physics, and Mathematics and Mathematical Physics, and the following were appointed:—Classics, J. R. Brown, M.A., St. Andrews and Oxford; English Language and Literature, H. Mackenzie, M.A., St. Andrews; Chemistry and Physics, T. H. Easterfield, M.A., Cambridge, Ph.D., Würzburg; Mathematics, R. C. Maclaurin, M.A., LL.D., Cambridge. These Professors arrived in the Colony at the end of March, 1899, and as soon as possible classes were organised and lectures begun.

The Staff has since been increased by the foundation of Chairs in Modern Languages, Biology, Roman Law, etc., English and New Zealand Law, Mental and Moral Philosophy, Physics, Education, Economics, History, Geology and Agriculture.

Upon the foundation of the Massey College in 1927 the chair of Agriculture was discontinued.

The College was admitted as an institution affiliated to the University of New Zealand on the 23rd February, 1899.

SITE AND BUILDINGS.

In 1900 an Act was passed whereby the College Council was empowered to acquire a site for the College buildings, being part of a town reserve situated on Salamanca Road, six acres in extent, and the Government provided £31,000 towards the cost of buildings. A portion of the buildings was erected, the foundation stone being laid by His Excellency Lord Plunket, K.C.V.O., on the 27th August, 1904. They were opened by His Excellency Lord Plunket on the 30th March, 1906.

In March, 1910, a further portion of the buildings was completed, forming a wing at the rear of

the Arts Building. This wing contains two large class-rooms, and in the basement a men's cloak room, and common rooms for students.

In 1919, the Government made the College a grant for the north wing. This wing provides accommodation for the Library and the School of Economics, a Women's Common Room and a Tea Room.

The library contains a handsome stained glass window erected in memory of the students who fell in the War, 1914-1918.

In 1921 the Government made a further grant for the erection of the South Wing. This wing provided accommodation for the Physics and Geology Departments and freed additional space for Chemistry and Biology in the old Science Wing.

In 1905, the College received from Parliament an additional annual grant of £2,000 for specialisation in Law and Science.

In 1914, the Victoria College Amendment Act was passed, by which it was enacted that the name of the College should in future be the Victoria University College. Changes were made in the constitution of the Council and of the Professorial Board. In the same year by an amendment to the New Zealand University Act an increase of £3,000 was made in the annual grant, and all the grants from the Government were consolidated into one annual grant of £9,000; further, the College was allotted a share of the National Endowment grant, part of which (amounting in 1930 to £2,250) comes direct from the Government, while a second part (amounting in 1930 to £1,124) is paid through the New Zealand University. Of this last sum £300 is set apart for Workers' Educational Classes.

In 1923, a short amending Act was passed which gave the Council power to levy its own Class fees without the previous approval of the Governor-in-

Council. It also provided for a change in the date of the end of the Financial Year from March 31st to December 31st, and for a change in the date of the Annual Meeting of the Council from the May Meeting to the July Meeting.

In 1919, an amending Act to the New Zealand University Act was passed, in which it was enacted that from April 1st, 1920, the annual grant to this College should be increased by £2,500.

In 1915, the Trustees of the late T. G. Macarthy made a grant of £10,000, for the purpose of establishing a School of Economics, to be called "The T. G. Macarthy School of Economics." The foundation of the Chair was, however, delayed owing to the war. The Chair was founded in 1920 by the appointment of Professor B. E. Murphy.

In the same year, under the will of the late Sarah Anne Rhodes, the sum of £10,000 was left to the Council for the education of women.

In 1921 the Council arranged with the S. A. Rhodes Trustees to grant either a Sarah Anne Rhodes Fellowship, or a Sarah Anne Rhodes Scholarship, and alternative sets of regulations were drawn up. The first scholarship was awarded in 1921 to Miss Eleanor A. Pope, B.Sc.

The first Fellowship was awarded to Miss E. A. Pope in 1925.

In 1930 the regulations were altered with the approval of the surviving trustees to provide for the appointment of a Travelling Fellow and/or a Lecturing Fellow. The first Travelling Fellowship was awarded to Miss Violet A. M. Macmillan, B.H.Sc., in 1931.

In 1932 Miss Violet Macmillan, B.H.Sc., was appointed Lecturing Fellow and has taken up residence at Palmerston North, her office being at Massey College.

In 1923 Sir Walter Buchanan made a donation of £10,000 to found a Chair of Agriculture. The Chair was filled by the appointment of Professor G. S. Peren, B.S.A., Toronto.

Upon the establishment of the Massey Agricultural College in 1927 the Victoria University College Council agreed to hand over the income derived from the Buchanan Trust funds to that College, and Professor G. S. Peren resigned his Chair having been appointed Principal of the Massey College.

In 1926, by the will of the late W. Weir, a sum estimated at £60,000 was left to the College to provide and maintain a hostel for men students.

In 1931 the destruction caused by the Hawke's Bay earthquake and the refusal of the Government to pay over the subsidy due under the bequest caused substantial alterations in the plans for the Weir House. After the earthquake the then Minister of Education (the Hon. Mr. Atmore) refused to approve the erection of a brick hostel, with the result that the Council decided upon ferro-concrete. When it was ascertained that the Government could not at present pay the statutory subsidy it was found impossible to continue with the erection of the building as at first designed. The work on the dining hall block was stopped and temporary dining accommodation and servants' quarters were provided in the main hostel building. The accommodation available will now be for about 85 students. The erection of the building is proceeding and it will be completed in time for the 1933 session. The House will be opened for residence on March 1st, 1933.

In 1928 by an amendment of the N.Z. University Act, the statutory grant was increased from £10,600 to £11,750.

In 1931 the statutory grant was reduced to £9,431 18s. 0d. and the special grant of £850 per annum for the Chair of Education was withdrawn.

In 1932 the statutory grant was reduced to £7,350.

ADULT EDUCATION.

In 1915, the Council, in co-operation with the Workers' Educational Association, established three tutorial classes in Wellington. The adult education movement grew steadily and in 1932, throughout this University District, twenty-three courses of lectures were given, twenty-six Discussion Groups met, and more than forty groups were formed in connection with the Canterbury College Box Scheme. Fourteen series of Talks were broadcast from station 2YA.

In 1932 the Government withdrew the grant for W.E.A. purposes, but owing to the generosity of the Carnegie Trustees a special grant of £750 was made to the College which enabled the work to be carried on during 1932 though the number of classes had to be somewhat reduced.

It is hoped to carry on a limited programme during 1933.

No examination passed by any student before he has made this declaration can count towards the keeping of terms or the qualifying for a Degree.

The last day for making the Declaration is June 1st, provided that upon payment of a late-fee of £1 1s. 0d. the declaration may be made not later than August 1st.

SUPERVISION OF COURSES.

The Professorial Board supervises the courses of all new students. Before enrolment in classes a record of the proposed course of study, signed by the Chairman of the Professorial Board, or by the Dean of one of the Faculties of Arts, Science, Commerce, or Law), must be in the hands of the Registrar. In the case of a student proceeding to one of the University degrees, this record shall state the complete course of study proposed for that degree; and subsequent departures (if any) from such proposed courses must be similarly recorded.

TERMS.

The subjects in which the keeping of terms is necessary are:—All subjects for B.A., B.Sc., and LL.B. Degrees, certain of the subjects for B.Com., all the subjects of the Engineering Entrance and of the Medical Intermediate.

No examination will be held nor terms granted except in subjects taught in the College (see list above).

INTERNAL STUDENTS.

To keep terms in any subject an internal student must

- (a) Have his name on the books of the College:
- (b) Do the Class work and Class examinations to the satisfaction of the Professor; provided that in exceptional circumstances the Professor may allow him to keep terms by passing the examination provided for external students.

For keeping Terms in Physics, Chemistry, Botany, Zoology, Geology or Geography, the Practical

Examination or performance of a practical course to the satisfaction of the instructor shall be deemed to be a part of the College Examination; and, unless specially exempted by the Science Faculty, a student presenting himself for an Examination in any of these subjects for the purpose of keeping Terms must do the practical work in that subject in the year in which he so presents himself.

(b) Pay examination fees (£1 1s per subject) not later than July 10th, except with late fee of £1 1s. up to September 30th.

Note.—Extra-mural students are warned that an application to sit for the College Terms Examinations does not constitute an entry for the Degree Examinations. To enter for an examination for a degree section they must communicate with the Registrar of the University of New Zealand, and obtain proper printed forms, returning same with appropriate fees by the due date (for dates and fees—see N.Z. University Calendar).

(c) Pass in the subject at the Annual College Examinations.

WOMEN STUDENTS' HOSTEL SOCIETY (INCORPORATED).

For many years past this Society has maintained two Hostels, the one at No. 282 The Terrace, and the other at Kelburn, in which both University and Training College Students have resided. The closing of the Training College has compelled the Society to restrict itself to receiving University Students at No. 282 The Terrace, which will henceforth be known as VICTORIA HOUSE, and which will, provided that sufficient students are offering, be re-opened next year with improved accommodation.

Applications for reservation of rooms should be sent at once to the Warden, Victoria House, 282 The Terrace, who will furnish full information.

WEIR HOUSE.

Weir House has been established by a benefaction under the Will of the late Mr. William Weir. The Victoria University College Council has purchased the lease of a very fine site of approximately two acres, adjoining Kelburn Park, and with a magnificent view over the harbour and city. A handsome ferro-concrete building has been erected upon it, which will accommodate about eighty students.

The accommodation provided is of two types: (1) study bedroom for single students; (2) a bedroom, with study adjoining, to be shared between two students. It has been decided that the charge shall be 25s. per week for all rooms, students having choice of rooms from those made available in order of application. Students desirous of keeping their rooms during absence on vacation will be charged 5s. per week, with a maximum of £2.

Students wishing to apply for residence should do so to the Registrar, Victoria University College, on the proper form not later than 15th February, 1933. Forms may be obtained on application to the Registrar.
