#### HISTORICAL NOTICE.

On the 23rd December, 1878, a Royal Commission was appointed to inquire into and report upon the operations of the University of New Zealand and its relations to the Secondary Schools of the Colony, and upon the best means of bringing secondary and higher education within the reach of the youth of both sexes. The Commission in its report, under date 9th July, 1879, among other things, recommended that the inequality in the educational institutions of the two islands should be removed by establishing, at the most important centres of population in the North Island, Colleges capable of supplying an education of the same standard as that provided by the University of Otago and Canterbury College, and proposed that

the Government should invite the Legislature to make immediate provision for the establishment of two Colleges, one at Auckland and the other at Wellington.

For the maintenance of these two Colleges the Commissioners suggested that the Government should utilise the reserves set apart for the promotion of higher education in the Provincial Districts of Auckland and Wellington, and that the two Colleges should be respectively endowed with Crown lands sufficient to provide an immediate income to each amounting to £4,000 per annum; that, if this were not practicable, the deficit in each case should be made good by a pecuniary grant.

A College was established in Auckland by "The Auckland University College Act, 1882."

Nothing was done for Wellington until the year 1894, when an Act was passed entitled "The Middle District of New Zealand University College Act, 1894," which said "There shall be established in the city of Wellington a College to be connected with the University of New Zealand"; and provision was made for a governing body, to be called the Council, but no provision was made for any pecuniary grant or endowment. Certain members of the Council were appointed, but nothing could be done for want of funds.

In the year 1897, the Right Hon. R. J. Seddon, P.C., Premier of the Colony, introduced into Parliament the Victoria College Act, an Act, as stated in the preamble, "to promote Higher Education by the establishment of a College at Wellington in commemoration of the sixtieth year of the reign of Her Majesty Queen Victoria," the College being intended to embrace in its work the Provincial Districts of Wellington, Taranaki, Hawke's Bay, Nelson, Marlborough and Westland. The Act was passed on the 22nd December, 1897, the Council was formed, and the work of organisation was begun. The Act pro-

vides for the payment out of the Consolidated Fund of a grant of £4,000 a year, and out of this sum the Council was required to give six scholarships each year, called "Queen's Scholarship," to persons of either sex under the age of 14 years upon the results of an examination under such conditions as the Council may prescribe. In 1903 an amending Act was passed providing for six Junior and four Senior Queen's Scholarships. In 1906 the College was relieved of the payment of these Scholarships. By the Education Act Amendment Act, 1907, the Queen's Scholarships were abolished. The Act of 1897 further set apart a parcel of land 4,000 acres in extent in the Nukumarū Survey District (Wellington Provincial District) as an endowment for the College.

The Council decided to begin by the appointment of four Professors for the Chairs of Classics, English Language and Literature, Chemistry and Physics, and Mathematics and Mathematical Physics, and the following were appointed:—Classics, J. R. Brown, M.A., St. Andrews and Oxford; English Language and Literature, H. Mackenzie, M.A., St. Andrews; Chemistry and Physics, T. H. Easterfield, M.A., Cambridge, Ph.D., Würzburg; Mathematics, R. C. Maclaurin, M.A., LL.D., Cambridge. These Professors arrived in the Colony at the end of March, 1899, and as soon as possible classes were organised and lectures begun.

The Staff has since been increased by the foundation of Chairs in Modern Languages, Biology, Roman Law, etc., English and New Zealand Law, Mental and Moral Philosophy, Physics, Education, Economics, History, Geology and Agriculture.

Upon the foundation of the Massey College in 1927 the chair of Agriculture was discontinued.

The College was admitted as an institution affiliated to the University of New Zealand on the 23rd February, 1899.

## SITE AND BUILDINGS.

In 1900 an Act was passed whereby the College Council was empowered to acquire a site for the College buildings, being part of a town reserve situated on Salamanca Road, six acres in extent, and the Government provided £31,000 towards the cost of buildings. A portion of the buildings was erected, the foundation stone being laid by His Excellency Lord Plunket, K.C.V.O., on the 27th August, 1904. They were opened by His Excellency Lord Plunket on the 30th March, 1906.

In March, 1910, a further portion of the buildings was completed, forming a wing at the rear of the Arts Building. This wing contains two large class-rooms, and in the basement a men's cloak room, and common rooms for students.

In 1919, the Government made the College a grant for the north wing. This wing provides accommodation for the Library and the School of Economics, a Women's Common Room and a Tea Room.

The library contains a handsome stained glass window erected in memory of the students who fell in the War, 1914-1918.

In 1921 the Government made a further grant for the erection of the South Wing. This wing provided accommodation for the Physics and Geology Departments and freed additional space for Chemistry and Biology in the old Science Wing.

In 1905, the College received from Parliament an additional annual grant of £2,000 for specialisation in Law and Science.

In 1914, the Victoria College Amendment Act was passed, by which it was enacted that the name of the College should in future be the Victoria University College. Changes were made in the constitution of the Council and of the Professorial Board. In the same year by an amendment to the

New Zealand University Act an increase of £3,000 was made in the annual grant, and all the grants from the Government were consolidated into one annual grant of £9,000; further, the College was allotted a share of the National Endowment grant, part of which (amounting in 1933 to £1,267) comes direct from the Government, while a second part (amounting in 1933 to £633) is paid through the New Zealand University.

In 1923, a short amending Act was passed which gave the Council power to levy its own Class fees without the previous approval of the Governor-in-Council. It also provided for a change in the date of the end of the Financial Year from March 31st to December 31st, and for a change in the date of the Annual Meeting of the Council from the May Meeting to the July Meeting.

In 1919, an amending Act to the New Zealand University Act was passed, in which it was enacted that from April 1st, 1920, the annual grant to this College should be increased by £2,500.

In 1915, the Trustees of the late T. G. Macarthy made a grant of £10,000, for the purpose of establishing a School of Economics, to be called "The T. G. Macarthy School of Economics." The foundation of the Chair was, however, delayed owing to the war. The Chair was founded in 1920 by the appointment of Professor B. E. Murphy.

In the same year, under the will of the late Sarah Anne Rhodes, the sum of £10,000 was left to the Council for the education of women.

In 1921 the Council arranged with the S. A. Rhodes Trustees to grant either a Sarah Anne Rhodes Fellowship, or a Sarah Anne Rhodes Scholarship, and alternative sets of regulations were drawn up. The first scholarship was awarded in 1921 to Miss Eleanor A. Pope, B.Sc.

The first Fellowship was awarded to Miss E. A. Pope in 1925.

In 1930 the regulations were altered with the approval of the surviving trustees to provide for the appointment of a Travelling Fellow and/or a Lecturing Fellow. The first Travelling Fellowship was awarded to Miss Violet A. M. Macmillan, B.H.Sc., in 1931.

In 1932 Miss Violet Macmillan, B.H.Sc., was appointed Lecturing Fellow and has taken up residence at Palmerston North, her office being at Massey College.

In 1923 Sir Walter Buchanan made a donation of £10,000 to found a Chair of Agriculture. The Chair was filled by the appointment of Professor G. S. Peren, B.S.A., Toronto.

Upon the establishment of the Massey Agricultural College in 1927 the Victoria University College Council agreed to hand over the income derived from the Buchanan Trust funds to that College, and Professor G. S. Peren resigned his Chair having been appointed Principal of the Massey College.

In 1928 by an amendment of the N.Z. University Act, the statutory grant was increased from £10,600 to £11,750.

In 1931 the statutory grant was reduced to £9,431 18s. 0d. and the special grant of £850 per annum for the Chair of Education was withdrawn.

In 1932 the statutory grant was reduced to £7,350.

In 1934 the statutory grant was increased to £7,800 and in 1935 to £10,145.

#### WEIR HOUSE.

In 1926, by the will of the late W. Weir, a sum estimated at £77,500 was left to the College to provide and maintain a hostel for men students.

In 1931 the destruction caused by the Hawke's Bay earthquake and the refusal of the Government to pay over the subsidy due under the bequest caused

substantial alterations in the plans for the Weir House. After the earthquake the then Minister of Education (the Hon. Mr. Atmore) refused to approve the erection of a brick hostel, with the result that the Council decided upon ferro-concrete. When it was ascertained that the Government could not at present pay the statutory subsidy it was found impossible to continue with the erection of the building as at first designed. The work on the dining hall block was stopped and temporary dining accommodation and servants' quarters were provided in the main hostel building.

Weir House was formally opened as a hostel for men students by His Excellency The Governor-General, Lord Bledisloe, on 6th March, 1933.

Some forty students enrolled immediately. This number gradually increased, till by the end of the year the House was full.

NOTE.—The House now accommodates 88 students.

The first Warden was Dr. I. A. Henning, but on his relinquishing his appointment as Lecturer in Modern Languages and as Warden in order to return to Sydney, Dr. I. L. G. Sutherland, Lecturer in Philosophy, was appointed Warden. Miss Irvine (late of Scots College) was appointed Matron.

### ADULT EDUCATION.

In 1915, the Council, in co-operation with the Workers' Educational Association, established three tutorial classes in Wellington. The adult education movement grew steadily, though since the Government withdrew its grant in 1932 its activities have been somewhat restricted. At the beginning of 1934, however, a further generous grant for adult education in New Zealand was made by the Carnegie Corporation.

During 1935 throughout this University District twelve courses of lectures were given, sixteen Discussion Groups met, and twenty-six Groups were formed in connection with the Canterbury College Box Scheme.

During the year every effort was made to induce the Government to restore at least a portion of its grant to the W.E.A., but the effort was unsuccessful.

## MATRICULATION.

To matriculate a student must pass the Matriculation Examination and make the following declaration:—"I do solemnly promise that I will faithfully obey the Statutes of the University, so far as they apply to me, and I hereby declare that I believe myself to have attained the age of sixteen years."

No examination passed by any student before he has made this declaration can count towards the keeping of terms or the qualifying for a Degree.

The last day for making the Declaration is June 1st, provided that upon payment of a late-fee of £1 1s. 0d. the declaration may be made not later than August 1st.

#### SUPERVISION OF COURSES.

The Professorial Board supervises the courses of all new students. Before enrolment in classes a record of the proposed course of study, signed by the Chairman of the Professorial Board, or by the Dean of one of the Faculties of Arts, Science, Commerce, or Law, must be in the hands of the Registrar. In the case of a student proceeding to one of the University degrees, this record shall state the complete course of study proposed for that degree; and subsequent departures (if any) from such proposed courses must be similarly recorded.

#### TERMS.

The subjects in which the keeping of terms is necessary are:—All subjects for B.A., B.Sc., and LL.B. Degrees, certain of the subjects for B.Com., all the subjects of the Engineering Entrance and of the Medical Intermediate.

No examination will be held nor terms granted except in subjects taught in the College (see list above).

#### STUDENTS ATTENDING LECTURES.

To keep terms in any subject a student attending lectures must:

- (a) Have his name on the books of the College;
- (b) Do the class work and class examinations to the satisfaction of the Professor; provided that in exceptional circumstances the Professor may allow him to keep terms by passing the Annual College Examination.

To keep terms in Physics, Chemistry, Botany, Zoology, Geology or Geography a student must pursue to the satisfaction of the Professor a practical course, including such practical examination as the Professor may prescribe; and, unless especially exempted by the Science Faculty, a student presenting himself for an examination in any of these subjects for the purpose of keeping Terms must do the practical work in that subject in the year in which he so presents himself.

#### ATTENDANCE.

To fulfil the attendance requirement in a subject a student must, except in cases approved of by the Professorial Board, attend not less than 75 per cent. of the lectures in that subject.

#### REGULATIONS UNDER SECTION VII. OF STATUTE "BACHELOR OF SCIENCE".

Candidates shall be tested on translation of a passage written in a prescribed foreign language and dealing with the subject or subjects offered at the Advanced stage.

Candidates are required to present themselves for examination in the first term of the second year of the Advanced course. In case of failure a candidate may submit himself for re-examination in the second term of the second year of his Advanced course.

#### STUDENTS NOT ATTENDING LECTURES.

The University regulations provide:—

"That any student who in the opinion of the Professorial Board of a Constituent College is prevented from attending lectures, or who objects on grounds of religious scruples (whereof the evidence shall be satisfactory to the Chancellor) shall as far as is shown to be necessary be exempted from attendance at lectures." (Univ. Calendar, 1936, p. .)

Applications for exemption under this statute shall be made on the form provided by the College.

To keep terms in any subject a student not attending lectures must:—

- (a) Have his name enrolled on the books of the College.
- (b) Fill up the form provided by the College and obtain the approval of the Professorial Board.
- (c) Pay an exemption fee of £1/1/- not later than March 31st except with late fee of £1/1/- up to 10th July.
- (d) Pay examination fees (£1/1/- per subject) not later than July 10th, except with late fee £1/1/- up to July 31st.
- (e) Pass in the subject at the Annual College Examinations.

*Note.*—An additional fee of £1/1/- is required from exempted students who desire to take an Oral Examination in a modern foreign language.

*Note.*—No candidate shall communicate direct with the examiner. Communications with regard to examinations must be made through the Registrar.

*Note.*—Extra-mural students are warned that an application to sit for the College Terms Examinations does not constitute an entry for the Degree Examinations. (For dates and fees payable on entrance for a Degree section see p. .)

Intra-mural students may for reasons satisfactory to the Professorial Board be granted exemption in one or more subjects. These will not be charged an exemption fee, but will be charged the ordinary fee for examinations, written or oral.

#### ACADEMIC YEARS.

A student may sit for a section of a degree at the end of his first year but may not sit for his final examination until he has completed at least three years work to the satisfaction of the Professorial Board.

## DISCIPLINE.

Every student attending lectures at Victoria University College shall be required to sign the following declaration and no student shall have his or her name placed on the College books until this declaration is signed:

“I do solemnly promise that I will faithfully obey the Regulations of Victoria University College, so far as they apply to me.”

The Board has full disciplinary powers over the conduct of all students within the College, the Gymnasium, the College grounds and at all ceremonies and meetings wherever held, conducted under the auspices of the College Council, the Professorial Board, the Students' Association, or any of the College Clubs or Societies, and in other cases when the Board considers that the interests of the College or of students are affected.

Students whose work or attendance is unsatisfactory may be excluded from College Classes for the remainder of the Session by the Professorial Board.

## DISCIPLINARY POWERS OF THE STUDENTS' ASSOCIATION.

1. Any disciplinary power possessed by the Students' Association is such only as is delegated to it by the Professorial Board.

2. The Students' Association may discipline any student, club or society for conduct which is or which tends to be subversive of discipline, or which brings or tends to bring discredit on the College or the students thereof, or, in particular, which includes the breach of any rule of the Association or of its affiliated clubs or societies, or for failure to comply with any direction given by the Association.

4. Any act of indiscipline and the punishment therefor shall be reported to the Chairman of the Professorial Board.

5. Any student or club or society disciplined by the Students' Association may appeal to the Professorial Board against the action of the Association. Such appeal must be lodged with the Chairman of the Professorial Board within one week of the date of the decision by the Association. The Professorial Board shall as soon as convenient consider the merits of any appeal so lodged and direct the Association accordingly. Until the Board has notified the Association of its decision on the appeal, any penalty imposed by the Association shall be in abeyance.

6. All clubs or societies desiring to function within the College and/or to purport to be institutions of the College must apply to the Students' Association for affiliation, and may not function until such affiliation is granted. The Association must advise the Chairman of the Board of all applications for affiliation and of its decision regarding each such application.

7. Any club or society which has been refused affiliation shall have the right of appeal to the Professorial Board.

8. Nothing in these rules shall be construed as abrogating any of the disciplinary powers possessed by the Professorial Board.

### STUDENTS' ASSOCIATION FEE.

Every student attending lectures shall each year on enrolment pay to the Registrar the sum of £1/1/-, which sum shall be paid into a Consolidated Fund in the name of the Students' Association; provided that any student in whose case payment may involve hardship may appeal to the Professorial Board for exemption or for reduction of same\*; provided further that the Council may direct the Registrar to withhold any sum necessary to pay for damage done in the Students' Common Rooms or Cloak Rooms.

Upon payment of this sum the student shall *ipso facto* become a member of the Students' Association and shall also be entitled to become on written application and without any further payment a member of all College clubs and societies provided he agrees to abide by their constitutions and rules.

If more than one candidate be so recommended for any one kind of Scholarship, the said Committee shall set out in its recommendation the names of such candidates in order of merit. In its deliberation the Advisory Committee shall first take into consideration the applications for Travelling Scholarships and make its recommendation thereon before proceeding to deal with applications for Local Scholarships.

13. The amount of the Scholarships will be paid in equal quarterly payments in advance provided that in the case of holders of Travelling Scholarships the last quarterly payments shall be withheld until the satisfactory completion of the course of study and/or research.

14. ### THE VICTORIA UNIVERSITY COLLEGE ACT, 1933.

AN ACT to consolidate and amend certain Enactments relating to the Victoria University College.

BE IT ENACTED by the General Assembly of New Zealand in Parliament assembled, and by the authority of the same, as follows:—

1. This Act may be cited as the Victoria University College Act, 1933, and shall come into force on the first day of January, nineteen hundred and thirty-four.

2. In this Act, unless the context otherwise requires,—

“The College” means the Victoria University College established under this Act:

“The Council” means the Victoria University College Council:

“The Principal” means the person for the time being holding office as Principal of the College:

“The Professorial Board” means the Professorial Board of the College:

The terms “education district,” “public school,” “intermediate school,” “intermediate department,” “secondary school,” “technical high school,” and “combined school” have the same meanings respectively as in the Education Act, 1914.

3. (1) There is hereby established in the City of Wellington a college of the University of New Zealand, to be called the Victoria University College.

(2) The College shall consist of the Council, the professors and lecturers of the College for the time

being in office, and the graduates and undergraduates of the University of New Zealand whose names are for the time being on the books of the College.

(3) The said College shall be a body corporate with perpetual succession and a common seal, and shall be capable of holding real and personal property and of doing and suffering all that bodies corporate may do and suffer.

(4) The College established under this Act is hereby declared to be the same College as that established under the Victoria College Act, 1905, and originally constituted a body corporate by the name of "The Victoria College" under the Victoria College Act, 1897; and the corporate identity of the College shall not be affected, notwithstanding any change in its name or constitution effected by this Act.

4. The Minister of Education shall be the Visitor of the College, and shall have all the powers and functions usually possessed by Visitors.

*The Council.*

5. (1) There shall be a Council of the College, to be called the Victoria University College Council.

(2) The Council shall consist of—

23. (1) Whenever there is no Principal in office, the Professorial Board shall, at its first meeting held after such office becomes vacant, and at its annual meeting each year, elect one of its members, being

a professor, to be the Chairman; and if it fails to do so the Council may appoint a professor to be the Chairman.

(2) The Chairman, not being the Principal, shall hold office until the appointment of a Principal, or until the election or appointment of his successor under this section, whichever happens first, and shall be eligible for re-election or reappointment, but shall not hold office for more than two terms of office in succession.

24. The Professorial Board may from time to time appoint one of its members, being a professor, to be the Deputy Chairman of the Board. 26. (1) The Professorial Board shall be subject to the control of the Council, and shall have power of its own motion, or at the request of the Council, to make recommendations or reports to the Council in any matter affecting the College, and, in particular, may make recommendations or reports with respect to—

The accommodation provided is of two types: (1) single study bedroom; (2) a bedroom, with study adjoining, to be shared between two students. It has been decided that the charge shall be 25s. per week for all rooms, students having choice of rooms from those made available in order of application. Students desirous of keeping their rooms during absence on vacation will be charged 5s. per week, with a maximum of £2.

Students wishing to apply for residence should do so to the Registrar, Victoria University College, on the proper form not later than 15th February, 1935. Forms may be obtained on application to the Registrar.

WOMEN STUDENTS' HOSTEL SOCIETY  
(INCORPORATED).

For many years past this Society has maintained two Hostels, the one at No. 282 The Terrace, and the other at Kelburn, in which both University and Training College Students have resided. The closing of the Training College has compelled the Society to restrict itself to receiving University Students at No. 282 The Terrace, which will henceforth be known as VICTORIA HOUSE, and which will, provided that sufficient students are offering, be re-opened next year with improved accommodation.

Applications for reservation of rooms should be sent at once to the Warden, Victoria House, 282 The Terrace, who will furnish full information.
