HISTORICAL NOTICE.

On the 23rd December, 1878, a Royal Commission was appointed to inquire into and report upon the operations of the University of New Zealand and its relations to the Secondary Schools of the Colony, and upon the best means of bringing secondary and higher education within the reach of the youth of both sexes. The Commission in its report, under date 9th July, 1879, among other things, recommended that the inequality in the educational institutions of the two islands should be removed by establishing, at the most important centres of population in the North Island, Colleges capable of supplying an education of the same standard as that provided by the University of Otago and Canterbury College, and proposed that the Government should invite the Legislature to make immediate provision for the establishment of two Colleges, one at Auckland and the other at Wellington.

For the maintenance of these two Colleges the Commissioners suggested that the Government should utilise the reserves set apart for the promotion of higher education in the Provincial Districts of Auckland and Wellington, and that the two Colleges should be respectively endowed with Crown lands sufficient to provide an immediate income to each amounting to £4,000 per annum; that, if this were not practicable, the deficit in each case should be made good by a pecuniary grant.

A College was established in Auckland by "The Auckland University College Act, 1882."

Nothing was done for Wellington until the year 1894, when an Act was passed entitled "The Middle District of New Zealand University College Act, 1894," which said "There shall be established in the city of Wellington a College to be connected with the University of New Zealand"; and provision was

made for a governing body, to be called the Council, but no provision was made for any pecuniary grant or endowment. Certain members of the Council were appointed, but nothing could be done for want of funds.

In the year 1897, the Right Hon. R. J. Seddon, P.C., Premier of the Colony, introduced into Parliament the Victoria College Act, an Act, as stated in the preamble, "to promote Higher Education by the establishment of a College at Wellington in commemoration of the sixtieth year of the reign of Her Majesty Queen Victoria," the College being intended to embrace in its work the Provincial Districts of Wellington, Taranaki, Hawke's Bay, Nelson, Marlborough and Westland. The Act was passed on the 22nd December, 1897, the Council was formed, and the work of organisation was begun. The Act provides for the payment out of the Consolidated Fund of a grant of £4,000 a year, and out of this sum the Council was required to give six scholarships each year, called "Queen's Scholarship," to persons of either sex under the age of 14 years upon the results of an examination under such conditions as the Council may prescribe. In 1903 an amending Act was passed providing for six Junior and four Senior Queen's Scholarships. In 1906 the College was relieved of the payment of these Scholarships. By the Education Act Amendment Act, 1907, the Queen's Scholarships were abolished. The Act of 1897 further set apart a parcel of land 4,000 acres in extent in the Nukumarū Survey District (Wellington Provincial District) as an endowment for the College.

The Council decided to begin by the appointment of four Professors for the Chairs of Classics, English Language and Literature, Chemistry and Physics, and Mathematics and Mathematical Physics, and the following were appointed:—Classics, J. R. Brown, M.A., St. Andrews and Oxford; English

Language and Literature, H. Mackenzie, M.A., St. Andrews; Chemistry and Physics, T. H. Easterfield, M.A., Cambridge, Ph.D., Würzburg; Mathematics, R. C. Maclaurin, M.A., LL.D., Cambridge. These Professors arrived in the Colony at the end of March, 1899, and as soon as possible classes were organised and lectures begun.

The Staff has since been increased by the foundation of Chairs in Modern Languages, Biology, Roman Law, etc., English and New Zealand Law, Mental and Moral Philosophy, Physics, Education, Economics, History, Geology and Agriculture.

Upon the foundation of the Massey College in 1927 the chair of Agriculture was discontinued.

The College was admitted as an institution affiliated to the University of New Zealand on the 23rd February, 1899.

SITE AND BUILDINGS.

In 1900 an Act was passed whereby the College Council was empowered to acquire a site for the College buildings, being part of a town reserve situated on Salamanca Road, six acres in extent, and the Government provided £31,000 towards the cost of buildings. A portion of the buildings was erected, the foundation stone being laid by His Excellency Lord Plunket, K.C.V.O., on the 27th August, 1904. They were opened by His Excellency Lord Plunket on the 30th March, 1906.

In March, 1910, a further portion of the buildings was completed, forming a wing at the rear of the Arts Building. This wing contains two large class-rooms, and in the basement a men's cloak room, and common rooms for students.

In 1919, the Government made the College a grant for the north wing. This wing provides accommodation for the Library and the School of Economics, a Women's Common Room and a Tea Room.

The library contains a handsome stained glass window erected in memory of the students who fell in the War, 1914-1918.

In 1921 the Government made a further grant for the erection of the South Wing. This wing provided accommodation for the Physics and Geology Departments and freed additional space for Chemistry and Biology in the old Science Wing.

In 1905, the College received from Parliament an additional annual grant of £2,000 for specialisation in Law and Science.

In 1914, the Victoria College Amendment Act was passed, by which it was enacted that the name of the College should in future be the Victoria University College. Changes were made in the constitution of the Council and of the Professorial Board. In the same year by an amendment to the New Zealand University Act an increase of £3,000 was made in the annual grant, and all the grants from the Government were consolidated into one annual grant of £9,000; further, the College was allotted a share of the National Endowment grant, part of which (amounting in 1933 to £1,267) comes direct from the Government, while a second part (amounting in 1933 to £633) is paid through the New Zealand University.

In 1923, a short amending Act was passed which gave the Council power to levy its own Class fees without the previous approval of the Governor-in-Council. It also provided for a change in the date of the end of the Financial Year from March 31st to December 31st, and for a change in the date of the Annual Meeting of the Council from the May Meeting to the July Meeting.

In 1919, an amending Act to the New Zealand University Act was passed, in which it was enacted that from April 1st, 1920, the annual grant to this College should be increased by £2,500.

In 1915, the Trustees of the late T. G. Macarthy made a grant of £10,000, for the purpose of establishing a School of Economics, to be called "The T. G. Macarthy School of Economics." The foundation of the Chair was, however, delayed owing to the war. The Chair was founded in 1920 by the appointment of Professor B. E. Murphy.

In the same year, under the will of the late Sarah Anne Rhodes, the sum of £10,000 was left to the Council for the education of women.

In 1921 the Council arranged with the S. A. Rhodes Trustees to grant either a Sarah Anne Rhodes Fellowship, or a Sarah Anne Rhodes Scholarship, and alternative sets of regulations were drawn up. The first scholarship was awarded in 1921 to Miss Eleanor A. Pope, B.Sc.

The first Fellowship was awarded to Miss E. A. Pope in 1925.

In 1930 the regulations were altered with the approval of the surviving trustees to provide for the appointment of a Travelling Fellow and/or a Lecturing Fellow. The first Travelling Fellowship was awarded to Miss Violet A. M. Macmillan, B.H.Sc., in 1931.

In 1932 Miss Violet Macmillan, B.H.Sc., was appointed Lecturing Fellow and took up residence at Palmerston North, her office being at Massey College.

Miss V. Macmillan resigned her Fellowship in 1934, having been appointed to take charge of the Association of Country Education in Otago and Canterbury.

Miss A. Hazel Johnson, B.H.Sc., was appointed Fellow in 1936, and by the generosity of the Carnegie Corporation the Council was able to send her to America and Europe to study the latest developments in Home Science before taking up her duties in 1937.

Miss M. Fogo, B.H.Sc., has been in charge of the work during the greater part of the year 1936.

In 1923 Sir Walter Buchanan made a donation of £10,000 to found a Chair of Agriculture. The Chair was filled by the appointment of Professor G. S. Peren, B.S.A., Toronto.

Upon the establishment of the Massey Agricultural College in 1927 the Victoria University College Council agreed to hand over the income derived from the Buchanan Trust funds to that College, and Professor G. S. Peren resigned his Chair having been appointed Principal of the Massey College.

In 1928 by an amendment of the N.Z. University Act, the statutory grant was increased from £10,600 to £11,750.

In 1931 the statutory grant was reduced to £9,431 18s. 0d. and the special grant of £850 per annum for the Chair of Education was withdrawn.

In 1932 the grant was reduced to £7,350.

Parliament at the same time decreed that grants to University Colleges be no longer statutory.

In 1934 the grant was increased to £7,800 and in 1935 to £10,145 and later in the year to £12,166.

In 1936 the grant was increased to £14,320.

WEIR HOUSE.

In 1926, by the will of the late W. Weir, a sum estimated at £77,500 was left to the College to provide and maintain a hostel for men students.

In 1931 the destruction caused by the Hawke's Bay earthquake and the refusal of the Government to pay over the subsidy due under the bequest caused substantial alterations in the plans for the Weir House. After the earthquake the then Minister of Education (the Hon. Mr. Atmore) refused to approve the erection of a brick hostel, with the result that the Council decided upon ferro-concrete. When it was ascertained that the Government could not at present

pay the statutory subsidy it was found impossible to continue with the erection of the building as at first designed. The work on the dining hall block was stopped and temporary dining accommodation and servants' quarters were provided in the main hostel building.

Weir House was formally opened as a hostel for men students by His Excellency The Governor-General, Lord Bledisloe, on 6th March, 1933.

Some forty students enrolled immediately. This number gradually increased, till by the end of the year the House was full.

NOTE.—The House now accommodates 88 students.

The first Warden was Dr. I. A. Henning, but on his relinquishing his appointment as Lecturer in Modern Languages and as Warden in order to return to Sydney, Dr. I. L. G. Sutherland, Lecturer in Philosophy, was appointed Warden. Miss Irvine (late of Scots College) was appointed Matron.

ADULT EDUCATION.

In 1915, the Council, in co-operation with the Workers' Educational Association, established three tutorial classes in Wellington. The adult education movement grew steadily, though since the Government withdrew its grant in 1932 its activities have been somewhat restricted. At the beginning of 1934, however, a further generous grant for adult education in New Zealand was made by the Carnegie Corporation.

During 1936 throughout this University District twelve courses of lectures were given, nineteen Discussion Groups met, and twenty-four Groups were formed in connection with the Canterbury College Box Scheme.

During the year the Government restored its former grant to the W.E.A. and this will enable the work to be extended again in 1937.

No examination passed by any student before he has made this declaration can count towards the keeping of terms or the qualifying for a Degree.

The last day for making the Declaration is June 1st, provided that upon payment of a late-fee of £1 1s. 0d. the declaration may be made not later than August 1st.

PROVISIONAL MATRICULATION.

To keep terms in any subject a student attending lectures must:

- (a) Have his name on the books of the College;
- (b) Do the class work and class examinations to the satisfaction of the Professor; provided that in exceptional circumstances the Professor may allow him to keep terms by passing the Annual College Examination.

To keep terms in Physics, Chemistry, Botany, Zoology, Geology or Geography a student must pursue to the satisfaction of the Professor a practical course, including such practical examination as the Professor may prescribe; and, unless especially exempted by the Science Faculty, a student presenting himself for an examination in any of these subjects for the purpose of keeping Terms must do the practical work in that subject in the year in which he so presents himself.

ATTENDANCE.

To fulfil the attendance requirement in a subject a student must, except in cases approved of by the Professorial Board, attend not less than 75 per cent. of the lectures in that subject.

REGULATIONS UNDER SECTION VII. OF STATUTE "BACHELOR OF SCIENCE".

Candidates shall be tested on translation of a passage written in a prescribed foreign language and dealing with the subject or subjects offered at the Advanced stage.

Candidates are required to present themselves for examination in the first term of the second year of

the Advanced course. In case of failure a candidate may submit himself for re-examination in the second term of the second year of his Advanced course.

STUDENTS NOT ATTENDING LECTURES.

The University regulations provide:—

“That any student who in the opinion of the Professorial Board of a Constituent College is prevented from attending lectures, or who objects on grounds of religious scruples (whereof the evidence shall be satisfactory to the Chancellor) shall as far as is shown to be necessary be exempted from attendance at lectures.” (Univ. Calendar, 1937, p. 30.)

Applications for exemption under this statute shall be made on the form provided by the College.

To keep terms in any subject a student not attending lectures must:—

- (a) Have his name enrolled on the books of the College.
- (b) Fill up the form provided by the College and obtain the approval of the Professorial Board.
- (c) Pay an exemption fee of £1/1/- not later than March 31st except with late fee of £1/1/- up to 10th July.
- (d) Pay examination fees (£1/1/- per subject) not later than July 10th, except with late fee £1/1/- up to July 31st.
- (e) Pass in the subject at the Annual College Examinations.

Note.—An additional fee of £1/1/- is required from exempted students who desire to take an Oral Examination in a modern foreign language.

Note.—No candidate shall communicate direct with the examiner. Communications with regard to examinations must be made through the Registrar.

Note.—Extra-mural students are warned that an application to sit for the College Terms Examinations does not constitute an entry for the Degree Examina-

tions. (For dates and fees payable on entrance for a Degree section see Univ. Calendar, 1937, p. 265.)

Intra-mural students may for reasons satisfactory to the Professorial Board be granted exemption in one or more subjects. These will not be charged an exemption fee, but will be charged the ordinary fee for examinations, written or oral.

ACADEMIC YEARS.

A student may sit for a section of a degree at the end of his first year but may not sit for his final examination until he has completed at least three years work to the satisfaction of the Professorial Board.

DISCIPLINE.

Every student attending lectures at Victoria University College shall be required to sign the following declaration and no student shall have his or her name placed on the College books until this declaration is signed:

"I do solemnly promise that I will faithfully obey the Regulations of Victoria University College, so far as they apply to me."

The Board has full disciplinary powers over the conduct of all students within the College, the Gymnasium, the College grounds and at all ceremonies and meetings wherever held, conducted under the auspices of the College Council, the Professorial Board, the Students' Association, or any of the College Clubs or Societies, and in other cases when the Board considers that the interests of the College or of students are affected.

Students whose work or attendance is unsatisfactory may be excluded from College Classes for the remainder of the Session by the Professorial Board.

DISCIPLINARY POWERS OF THE STUDENTS' ASSOCIATION.

1. Any disciplinary power possessed by the Students' Association is such only as is delegated to it by the Professorial Board.

2. The Students' Association may discipline any student, club or society for conduct which is or which tends to be subversive of discipline, or which brings or tends to bring discredit on the College or the students thereof, or, in particular, which includes the breach of any rule of the Association or of its affiliated clubs or societies, or for failure to comply with any direction given by the Association.

3. The disciplinary measures employed by the Students' Association shall be any of the following:

- (a) *Reprimand*;
- (b) *Fine*, not exceeding one pound;
- (c) *Suspension* from membership of the Students' Association or of any of its affiliated clubs or societies. Such suspension may be
 - (i.) *temporary*—that is for a limited and specified period—or *permanent*;
 - (ii.) *Partial*—that is from one or more of the clubs or societies or activities to be specified or *complete*, in which case the offender's name shall be removed from the roll of the Association.

4. Any act of indiscipline and the punishment therefor shall be reported to the Chairman of the Professorial Board.

5. Any student or club or society disciplined by the Students' Association may appeal to the Professorial Board against the action of the Association. Such appeal must be lodged with the Chairman of the Professorial Board within one week of the date of the decision by the Association. The Professorial Board shall as soon as convenient consider the merits of any appeal so lodged and direct the Association accordingly. Until the Board has notified the Association of its decision on the appeal, any penalty imposed by the Association shall be in abeyance.

6. All clubs or societies desiring to function within the College and/or to purport to be institutions of the College must apply to the Students' Association for affiliation, and may not function until such affiliation is granted. The Association must advise the Chairman of the Board of all applications for affiliation and of its decision regarding each such application.

7. Any club or society which has been refused affiliation shall have the right of appeal to the Professorial Board.

8. Nothing in these rules shall be construed as abrogating any of the disciplinary powers possessed by the Professorial Board.

STUDENTS' ASSOCIATION FEE.

Every student attending lectures shall each year on enrolment pay to the Registrar the sum of £1/1/-, which sum shall be paid into a Consolidated Fund in the name of the Students' Association; provided that any student in whose case payment may involve hardship may appeal to the Professorial Board for exemption or for reduction of same*; provided further that the Council may direct the Registrar to withhold any sum necessary to pay for damage done in the Students' Common Rooms or Cloak Rooms.

Upon payment of this sum the student shall *ipso facto* become a member of the Students' Association and shall also be entitled to become on written application and without any further payment a member of all College clubs and societies provided he agrees to abide by their constitutions and rules.

Note.—Students taking only one half-course shall not be required to pay the above fee.

2. Election to the Scholarship shall be made by the Council of the Victoria University College.

3. The annual value of each Scholarship shall be not less than £40.

THE VICTORIA UNIVERSITY COLLEGE ACT, 1933.

AN ACT to consolidate and amend certain Enactments relating to the Victoria University College.

BE IT ENACTED by the General Assembly of New Zealand in Parliament assembled, and by the authority of the same, as follows:—

1. This Act may be cited as the Victoria University College Act, 1933, and shall come into force on the first day of January, nineteen hundred and thirty-four.

2. In this Act, unless the context otherwise requires,—

“The College” means the Victoria University College established under this Act:

“The Council” means the Victoria University College Council:

“The Principal” means the person for the time being holding office as Principal of the College:

“The Professorial Board” means the Professorial Board of the College:

The terms “education district,” “public school,” “intermediate school,” “intermediate department,” “secondary school,” “technical high school,” and “combined school” have the same meanings respectively as in the Education Act, 1914.

3. (1) There is hereby established in the City of Wellington a college of the University of New Zealand, to be called the Victoria University College.

(2) The College shall consist of the Council, the professors and lecturers of the College for the time

being in office, and the graduates and undergraduates of the University of New Zealand whose names are for the time being on the books of the College.

(3) The said College shall be a body corporate with perpetual succession and a common seal, and shall be capable of holding real and personal property and of doing and suffering all that bodies corporate may do and suffer.

(4) The College established under this Act is hereby declared to be the same College as that established under the Victoria College Act, 1905, and originally constituted a body corporate by the name of "The Victoria College" under the Victoria College Act, 1897; and the corporate identity of the College shall not be affected, notwithstanding any change in its name or constitution effected by this Act.

4. The Minister of Education shall be the Visitor of the College, and shall have all the powers and functions usually possessed by Visitors.

The Council.

5. (1) There shall be a Council of the College, to be called the Victoria University College Council.

(2) The Council shall consist of—

(a) Two members to be appointed by the Governor-General:

(b) Two members to be elected by the members of the Education Boards for the time being in office for education districts wholly or partly within the Victoria University District constituted under the New Zealand University Act, 1908:

(c) Two members to be elected by those teachers employed in public schools (including intermediate schools and intermediate departments) situated in education districts wholly or partly within the Victoria University

District whose names are registered in the Teachers' Register kept by the Director of Education:

- (d) Four members to be elected by the District Court of Convocation of the Victoria University District:
- (e) One member to be elected by the governing bodies of secondary schools or combined schools situated in the Victoria University District:
- (f) One member to be elected by those teachers employed in secondary schools, technical high schools, or combined schools (excluding any intermediate or lower departments) situated in the Victoria University District who are graduates of any British chartered University, or whose names are registered in the Teachers' Register:
- (g) One member to be appointed by the Wellington City Council:
- (h) One member, being a member of the Professorial Board, or if there is no Principal in office two such members, to be appointed by the Professorial Board:
- (i) The Principal.

(3) Whenever the office of Principal becomes vacant and the Council decides not to make any appointment thereto and notifies the Professorial Board of such decision, the vacancy thus caused in the Council shall be deemed to be a casual vacancy, and shall be filled by a member of the Professorial Board to be appointed by the Professorial Board, who shall hold office until the expiry of the term of office of the other member appointed by the Professorial Board, or until the appointment of a Principal, whichever happens first.

(4) Whenever a Principal is appointed while there are two other persons in office as members of the Council appointed by the Professorial Board, one of such members, to be determined by lot where neither of them was appointed under the last preceding subsection, shall retire from membership of the Council on the first day of the month next following the date of appointment of the Principal, and the Principal shall take office as a member of the Council on that day.

(5) The members of the Council in office on the coming into operation of this Act shall continue in office, and the current term of office of each member shall be computed from the actual date of its commencement.

6. (1) Subject to the provisions of this Act, the members of the Council appointed or elected under paragraphs (a), (b), (c), and (d) of subsection two of the last preceding section shall hold office for a term of four years, and all other members (except the Principal) shall hold office for a term of two years; but all members shall, unless disqualified as hereinafter provided, be entitled to continue in office until the appointment or election of their successors in office.

(2) In every alternate year, commencing in the year nineteen hundred and thirty-five, one of the members appointed or elected under each of the paragraphs (a), (b), and (c) of the said subsection two of the last preceding section, two of the members elected under paragraph (d) thereof, and all the members appointed or elected under paragraphs (e), (f), (g), and (h) thereof, shall retire from office.

(3) Except in the case of appointments or elections to fill casual vacancies, members appointed or elected shall come into office on the first day of July

next following the date of their appointment or election hereunder, on which day their predecessors in office shall retire.

(4) The appointment of members of the Council to replace members due to retire in any year shall be made not later than the third Monday in June in such year.

(5) The election of members of the Council to replace members due to retire in any year shall be held on the first Monday in June in such year.

(6) Every retiring member shall be eligible for reappointment or re-election.

7. (1) No person in the employment of the Council shall be eligible for office as a member of the Council unless he is the Principal or a member appointed by the Professorial Board.

(2) A member of the Council who is in its employment shall not be entitled to vote on any question before the Council affecting himself, or directly affecting the salary of any member of the teaching staff of the College, or directly affecting any payment made by or due from the Council to any member of the teaching staff.

8. The powers of the Council shall not be affected by any vacancy in the membership thereof.

9. (1) If any member of the Council—

(a) Dies; or

(b) Resigns his office by writing under his hand delivered to the Chairman of the Council; or

(c) Becomes bankrupt or makes any composition with his creditors for less than twenty shillings in the pound, or makes an assignment of his estate for the benefit of his creditors; or

(d) Becomes of unsound mind; or

- (e) Is convicted on indictment, or is sentenced by the Supreme Court on a plea of "Guilty" to any charge of an indictable offence, or is sentenced for any offence to imprisonment without the option of a fine by any Court; or
- (f) Is absent without leave from three consecutive meetings of the Council; or
- (g) Being a member appointed by the Professorial Board, ceases to be a member of the Professorial Board; or
- (h) Being the Principal, ceases to hold the office of Principal,—

he shall thereupon cease to be a member, and the vacancy thereby created shall be deemed to be a casual vacancy.

(2) Subject to the provisions relating to a vacancy in the office of Principal, every casual vacancy shall, within forty-two days after the occurring thereof, be filled in the same manner as in the case of the vacating member, and the member appointed or elected to fill any casual vacancy shall hold office only for the residue of the term of the vacating member.

10. If at the times prescribed by this Act for the appointment or election of members no members or insufficient members are appointed or elected, or if a casual vacancy is not filled within the time hereinbefore prescribed, the Governor-General may appoint a suitable person in the place of the member who should have been appointed or elected.

11. (1) The Registrar of the College, or such other person as the Council appoints, shall be the Returning Officer for the purpose of conducting elections of members of the Council.

(2) The Returning Officer shall prepare a separate roll for each class of electors, and shall

enter in the respective rolls the name, address, and description, and if necessary the number of votes, of every person or body that possesses the necessary qualifications entitling him or it to be enrolled as an elector:

Provided that no person's name shall be entered in more than one roll:

Provided further that any person who possesses more than one qualification and whose name has been entered by the Returning Officer in a roll may at any time while the rolls are open have his name transferred to any other roll of electors for enrolment in which he has the necessary qualification.

(3) For the purposes of an election under paragraph (e) of subsection two of section five hereof the governing body of each school shall have one vote for every hundred or part of a hundred pupils (exclusive of the pupils in any intermediate or lower department) in average attendance at the school for the year ended on the thirty-first day of December next before the election. For the purposes of this subsection the certificate of the Secretary of the governing body of the school as to the number of such pupils shall be sufficient evidence thereof, until the contrary is proved.

(4) For the purpose of preparing the roll of electors under paragraph (e) of subsection two of section five hereof a certificate of the Secretary of any Education Board to the effect that any persons are all the teachers of the description specified in the said paragraph who are employed in schools under the control of such Board shall be sufficient evidence of that fact, until the contrary is proved, and a certificate of the Secretary of the governing body of any secondary school, technical high school, or combined school to the effect that any persons are all the teachers of the description specified in the said

paragraph who are employed in intermediate schools or intermediate departments under the control of such governing body shall be sufficient evidence of that fact, until the contrary is proved.
