DEPARTMENT OF BIOLOGY

Professor Kirk

Dr Newman Botany

Dr Richardson Zoology

Students at all stages must provide themselves with text-books, and read fully and carefully, making notes on any special difficulties for discussion with the teaching staff.

In both lectures and laboratory work due regard will be had to the University syllabus, but work will not be confined to the syllabus.

BOTANY

It is a great advantage to students to have some knowledge of Chemistry, or to take Chemistry at the same time. Those that intend to advance Botany should certainly do so.

STAGE I. Lectures : Monday, Wednesday and Friday at noon, Wednesday at 4 p.m. (General Biology).

Practical work : Students will be required to attend in the laboratory for two periods of three hours each per week. The laboratory periods are Wednesday, 6.30 p.m. to 9.30 p.m., and Thursday, 10 a.m. to 1 p.m.

STAGES II AND III. Lectures : Monday, Wednesday and Friday at 3 p.m.

Practical work : Students will be required to work for a minimum of seven hours per week. Of this time at least five hours must be spent during the presence of the teacher in the laboratory. Laboratory periods from which these five hours may be chosen are tentatively fixed as follows : Tuesday 9 a.m. to noon, Wednesday, 4 p.m. to 6 p.m., Thursday, 2 p.m. to 4 p.m.

HERBARIUM. All students proceeding to Stage III in Botany for a degree course, must present during the *first* week of *third* term of their Stage III a satisfactory herbarium illustrative of the New Zealand Flora ; otherwise terms will not be granted. The herbarium must contain at least 90 specimens collected by the student and representing the various great divisions of the Plant Kingdom. The specimens should be mounted according to the international standards.

INTERMEDIATE. Students taking Zoology for the Intermediate Stage in Medicine, Agriculture, Forestry or Home Science will attend a short course of special lectures in Botany and will do the required laboratory work. The lectures will be given on Fridays at 5 throughout the second Term, and the laboratory period will be on Tuesdays, from 2 to 5. A theoretical and a practical examination will be held to determine the issue of the certificate required by the University.

LABORATORY NOTEBOOKS. Laboratory work must be recorded in notebooks of an approved kind.

INSTRUMENTS. All students must provide themselves with the following instruments as a minimum : A razor for cutting sections ; a pair of mounted needles ; a pair of forceps with fine points ; a pocket lens ; a stout scalpel.

TEXT BOOKS

STAGE I. All students must have either Parker, *Lessons in Elementary Biology* or Dendy, *Evolutionary Biology* and either Smith, Overton and Others, *Text-book of General Botany* or Fritsch and Salisbury, *Plant Form and Function* or Strasburger, *Text-book of Botany*, or Bower, *Botany of the Living Plant*.

Among books that will be useful for reference are : Tansley, *Elements of Plant Biology* ; Dixon, *Practical Plant Biology* ; Priestley and Scott, *An Introduction to Botany*.

It is desirable that students should have Cockayne, *New Zealand Plants and their Story*.

Suitable books for students taking Botany for the Intermediate examination are Tansley, *Elements of Plant Biology* and Fritsch and Salisbury, *Botany for Students of Medicine and Pharmacy*.

STAGES II AND III. Students must have Strasburger, *Text-book of Botany*. Eames and McDaniels, *Introduction to Plant Anatomy*, Sharp, *Introduction to Cytology* and Darrah, *Text-book of Palaeobotany* will be found useful for both Options (A) and (B).

The following books are suitable for Option (A) : Fritsch, *Structure and Reproduction of the Algae* ; Dangeard, *Traité d'Algologie* ; Gwynne-Vaughan and Barnes, *The Fungi* ; Bower, *Primitive Land Plants* ; Smith, *Cryptogamic Botany*, Vols. I and II ; Eames, *Morphology of Vascular Plants, Lower Groups* ; Scott, *Studies in Fossil Botany*, Vol. I ; Bateson, *Mendel's Principles of Heredity* ; Shull, *Heredity*.

The following books are suitable for Option (B) : Chamberlain, *Gymnosperms, Structure and Evolution* ; Scott,

Studies in Fossil Botany, Vol. II; Rendle, *Classification of Flowering Plants*, Vols. I & II; Barton Wright, *General Plant Physiology* or Raber, *Principles of Plant Physiology*; Weaver and Clements, *Plant Ecology*.

COURSES

STAGES II AND III : The course of instruction for Stages II and III in 1941 will be Option (B).

Students attending the course of instruction in Option (B) who have not already gained terms in Chemistry I are very strongly recommended to take that subject concurrently with the course in Botany.

HONOURS : Students are reminded that satisfactory progress cannot be made unless at least about 30 hours per week for one year or 15 hours per week for two years is spent over and above the time required for the theoretical studies.

ZOOLOGY

Intermediate students will read an important note under Botany, p. 54.

STAGE I. Lectures : Monday, Wednesday and Thursday, 9 a.m., Wednesday 4 p.m. (General Biology).

Practical work (minimum of six hours per week) : Monday and Thursday 1.30 p.m. to 4 p.m., Wednesday and Friday, 1.30 p.m. to 4 p.m. if required, Thursday, 7 p.m. to 10 p.m., Saturday 9 a.m. to noon.

STAGES II AND III. Lectures : Monday 5 p.m., Tuesday and Thursday 4 p.m.

MATRICULATION

To matriculate a student must pass the Entrance Examination and make the following declaration : ' I do solemnly promise that I will obey the Statutes of the University, so far as they apply to me, and I hereby declare that I believe myself to have attained the age of sixteen years.'

No examination passed by any student before he has made this declaration can count towards the keeping of terms or the qualifying for a Degree.

The last day for making the declaration is June 1, provided that upon payment of a late-fee of £1 1s the declaration may be made not later than August 1.

PROVISIONAL MATRICULATION

The requirements for Provisional Matriculation and the regulations in connection with it will be found on page 29 of the New Zealand University *Calendar* for 1941.

In connection with the recommendation of the Professorial Board to the Senate for confirmation of Provisional Matriculation the Professorial Board of Victoria University College will in normal cases recommend confirmation for those students who have passed at the Annual College Examinations in at least two subjects. A student whose Provisional Matriculation has been confirmed in any year will have his matriculation antedated to the beginning of that year and will be credited with terms in those subjects in which he has passed.

SUPERVISION OF COURSES

The Professorial Board supervises the courses of all new students. Before enrolment in classes a record of the proposed course of study, signed by the Tutor of the Student and by the Dean of one of the Faculties of Arts, Science, Commerce or Law, must be in the hands of the Registrar. In the case of a student proceeding to one of the University degrees, this record shall state the complete course of study proposed for that degree; and subsequent departures (if any) from such proposed courses must be similarly recorded.

TERMS

The keeping of terms is necessary for the degrees of M.A., M.Sc. and M.Com., for all subjects for the degrees of B.A., B.Sc., LL.B. and B.Com., for all subjects of the Diploma of Education, and of the Intermediate Examinations in Engineering, Medicine, Dentistry and Agriculture.

In general no examination will be held nor terms granted except in subjects taught in the College (see list above); if, however, a student has special reasons for taking subjects such as Music, Maori, Sociology, which are not taught at the College, the Professorial Board may grant permission and will in that case arrange for an examination.

STUDENTS ATTENDING LECTURES

To keep terms in any subject a student attending lectures must

- (a) Have his name on the books of the College;
- (b) Do the class work and class examinations to the satisfaction of the Professor; provided that in exceptional circumstances the Professor may allow him to keep terms by passing the Annual College Examination.

To keep terms in Physics, Chemistry, Botany, Zoology, Geology, Psychology for B.Sc. or Geography a student must pursue to the satisfaction of the Professor a practical course, including such practical examination as the Professor may prescribe; and, unless especially exempted by the Science Faculty, a student presenting himself for an examination in any of these subjects for the purpose of keeping Terms must do the practical work in that subject in the year in which he so presents himself.

Terms granted in Stage I of a subject included in the courses for the degrees of B.A. and B.Sc. shall be for the year only unless otherwise directed by the Professorial Board.

ATTENDANCE

To fulfil the attendance requirement in a subject a student must, except in cases approved of by the Professorial Board, attend not less than 75 per cent. of the lectures in that subject.

REGULATIONS UNDER SECTION VII OF STATUTE 'BACHELOR OF SCIENCE'

The examination is held in October immediately after the cessation of lectures. Candidates are required to present themselves not later than the second year of their course, and must make application not later than the end of the second term thereof.

An additional fee of £1 1s is required from extra-mural students who desire to take an Oral Examination in a modern foreign language.

MUSIC AND ART

The gift to the College in 1937 by the Carnegie Corporation of New York of an excellent electric gramophone and loud-speaker, together with upwards of a thousand carefully selected records, covering a very catholic range, has enabled regular musical recitals to be given throughout the college year. These are under the direction of a committee. Recitals are given both at mid-day and in the evenings, and programmes are posted on the Library notice-board.

A fine collection of books on art and of prints and photographs was also given by the Carnegie Corporation, in 1933, and is kept, with many additions, in the Art Room of the Library.

In pursuance of powers vested in the Council by the Trustees the following regulations are prescribed to govern the award and tenure of the Scholarships in this University College :

1. There shall be offered in each year one or more Lissie Rathbone Scholarships, as the funds will admit.
2. Election to the Scholarships shall be made by the Council of the Victoria University College.
3. The annual value of each Scholarship shall be not less than £40.

4. The tenure of each Scholarship shall be for three years, terminable however at any time if the Council, having received from the Professorial Board an unfavourable report of the conduct or progress of the scholar, shall so determine.

5. Candidates for each Scholarship

- (i) Must not be matriculated students of the University
- (ii) Must be under nineteen years of age on the first day of December immediately preceding the date of the award of the Scholarship
- (iii) May be of either sex
- (iv) Must have been resident in the Victoria University College District for one year on the first day of December in the year in which they enter

NOTE: '*Residence*' for the purpose of this clause applies to the candidate's home and does not apply to the school he is attending.

- (v) Must state their willingness to pursue as internal students of Victoria University College a course for a degree within the award of the New Zealand University from time to time (subject to such regulations as may be consistent with the object of the Scholarship) which may be selected by such scholar, his parents or guardians.

Provided that the Council shall not be bound to award the Scholarship to the candidate obtaining the highest number of marks in such subjects, but may in its discretion take into account the financial circumstances of the scholar, his parents or guardians.

The examination in which the award shall be made shall be the examination presented by the University of New Zealand for the award of its Entrance Scholarships, the examination papers used being those set in English and History for that examination. If, however, there shall at any time cease to be an Entrance Scholarship examination, or if there shall cease to be examination papers set in either English or History for the Entrance Scholarships, the examination in which such award shall be made shall be such other examination in English and History as the Council may from time to time appoint.

8. This Scholarship shall not be tenable with a University Entrance Scholarship. No candidate shall be awarded a Scholarship whose aggregate marks do not reach 50 per cent. of the possible total.

9. Candidates for the Lissie Rathbone Scholarships need not be candidates for an Entrance Scholarship to the University.

10. In the event of the accumulated earnings of the gift being in excess of the amount required for scholarships awarded under Clause I, the Council may either grant boarding allowance to any scholar needing it, or make a grant to any student, who, though he or she has not qualified in the Entrance Examination in the subjects prescribed for the Scholarship, has obtained at the College examinations of his first year a high class in the two subjects, English and History. In the event of the accumulated earnings of the gift proving at any time insufficient for all or any of the purposes above set forth the Council may adjust the annual value of any scholarship or the tenure thereof as the Council shall see fit from time to time.

11. Every candidate for the Scholarship shall send notice of his or her candidature on the prescribed form not later than 1 October. Signed.....

12. The Advisory Committee will as soon as practicable after the 15th day of October consider all applications received and will thereupon recommend to the Trustee whether any candidate or candidates should be awarded Scholarships of either kind. 15. The Trustee may at any time refuse to make further payments to the holder of any Scholarship if such holder ceases to possess the necessary qualifications for an applicant for such Scholarship or if the Advisory Committee at any time reports to the Trustee that such holder is not pursuing his course of study and/or research to the satisfaction of such Committee.

THE VICTORIA UNIVERSITY COLLEGE ACT 1933

AN ACT to consolidate and amend certain Enactments relating to the Victoria University College

BE IT ENACTED by the General Assembly of New Zealand in Parliament assembled, and by the authority of the same, as follows :

1. This Act may be cited as the Victoria University College Act, 1933, and shall come into force on the first day of January, nineteen hundred and thirty-four.

2. In this Act, unless the context otherwise requires, 'The College' means the Victoria University College established under this Act :

'The Council' means the Victoria University College Council :

'The Principal' means the person for the time being holding office as Principal of the College :

'The Professorial Board' means the Professorial Board of the College :

The terms 'education district,' 'public school,' 'intermediate school,' 'intermediate department,' 'secondary school,' 'technical high school,' and 'combined school' have the same meanings respectively as in the Education Act, 1914.

3. (1) There is hereby established in the City of Wellington a college of the University of New Zealand, to be called the Victoria University College.

(2) The College shall consist of the Council, the professors and lecturers of the College for the time being in office, and the graduates and undergraduates of the University of New Zealand whose names are for the time being on the books of the College.

(3) The said College shall be a body corporate with perpetual succession and a common seal, and shall be capable of holding real and personal property and of doing and suffering all that bodies corporate may do and suffer.

(4) The College established under this Act is hereby declared to be the same College as that established under the Victoria College Act, 1905, and originally constituted a body corporate by the name of 'The Victoria College' under the Victoria College Act, 1897; and the corporate identity of the College shall not be affected, notwithstanding any change in its name or constitution effected by this Act.

4. The Minister of Education shall be the Visitor of the College, and shall have all the powers and functions usually possessed by Visitors.

- (h) One member, being a member of the Professorial Board, or if there is no Principal in office two such members, to be appointed by the Professorial Board :
- (i) The Principal.

(3) Whenever the office of Principal becomes vacant and the Council decides not to make any appointment thereto and notifies the Professorial Board of such decision, the vacancy thus caused in the Council shall be deemed to be a casual vacancy, and shall be filled by a member of the Professorial Board to be appointed by the Professorial Board, who shall hold office until the expiry of the term of office of the other member appointed by the Professorial Board, or until the appointment of a Principal, whichever happens first.

(4) Whenever a Principal is appointed while there are two other persons in office as members of the Council appointed by the Professorial Board, one of such members, to be determined by lot where neither of them was appointed under the last preceding subsection, shall retire

from membership of the Council on the first day of the month next following the date of appointment of the Principal, and the Principal shall take office as a member of the Council on that day.

(5) The members of the Council in office on the coming into operation of this Act shall continue in office, and the current term of office of each member shall be computed from the actual date of its commencement.

(g) Being a member appointed by the Professorial

Board, ceases to be a member of the Professorial Board ; or

(h) Being the Principal, ceases to hold the office of Principal,

he shall thereupon cease to be a member, and the vacancy thereby created shall be deemed to be a casual vacancy.

(2) Subject to the provisions relating to a vacancy in the office of Principal, every casual vacancy shall, within forty-two days after the occurring thereof, be filled in the same manner as in the case of the vacating member, and the member appointed or elected to fill any casual vacancy shall hold office only for the residue of the term of the vacating member.

10. If at the times prescribed by this Act for the appointment or election of members no members or insufficient members are appointed or elected, or if a casual vacancy is not filled within the time hereinbefore prescribed, the Governor-General may appoint a suitable person in the place of the member who should have been appointed or elected.

11. (1) The Registrar of the College, or such other person as the Council appoints, shall be the Returning Officer for the purpose of conducting elections of members of the Council.

(2) The Returning Officer shall prepare a separate roll for each class of electors, and shall enter in the respective rolls the name, address, and description, and if necessary the number of votes, of every person or body that possesses the necessary qualifications entitling him or it to be enrolled as an elector :

Provided that no person's name shall be entered in more than one roll :

by the Returning Officer in a roll may at any time while the rolls are open have his name transferred to any other roll of electors for enrolment in which he has the necessary qualification.

(3) For the purposes of an election under paragraph (e) of subsection two of section five hereof the governing body of each school shall have one vote for every hundred or part of a hundred pupils (exclusive of the pupils in any intermediate or lower department) in average attendance at the school for the year ended on the thirty-first day of December next before the election. For the purposes of this subsection the certificate of the Secretary of the governing body of the school as to the number of such pupils shall be sufficient evidence thereof, until the contrary is proved.

(4) For the purpose of preparing the roll of electors under paragraph (c) of subsection two of section five hereof a certificate of the Secretary of any Education Board to the effect that any persons are all the teachers of the description specified in the said paragraph who are employed in schools under the control of such Board shall be sufficient evidence of that fact, until the contrary is proved, and a certificate of the Secretary of the governing body of any secondary school, technical high school, or combined school to the effect that any persons are all the teachers of the description specified in the said paragraph who are employed in intermediate schools or intermediate departments under the control of such governing body shall be sufficient evidence of that fact, until the contrary is proved.

(5) For the purpose of preparing the roll of electors under paragraph (f) of subsection two of section five hereof a certificate of the Secretary of the governing body of any school to the effect that any persons are all the teachers

of the description specified in the said paragraph who are employed in such school (excluding any intermediate or lower departments) shall be sufficient evidence of that fact, until the contrary is proved.

(6) All rolls shall be closed at five o'clock in the afternoon of the twenty-eighth day next before the day on which the election is to be held, and shall continue to be closed until the election is completed.

(7) No name shall be entered in any roll while such roll is closed.

(3) The Council may from time to time appoint one of its members to be the Deputy Chairman of the Council. During any vacancy in the office of Chairman, or in the

absence of the Chairman from the Wellington Provincial District, or while he is incapacitated by sickness or otherwise, the Deputy Chairman shall have and may exercise and perform all the powers and duties of the Chairman.

(4) The Chairman shall preside at every meeting of the Council at which he is present. In the absence of the Chairman and the Deputy Chairman from any meeting of the Council the members present shall select one of their number to be the Chairman for the purposes of that meeting.

(5) At any meeting of the Council the Chairman shall have a deliberative vote, and in the case of an equality of votes shall also have a casting vote. All questions before the Council shall be decided by a majority of the valid votes recorded thereon.

14. At any meeting of the Council six members shall form a quorum, and no business shall be transacted unless a quorum is present.

15. The Chairman may at any time, of his own motion, call a special meeting of the Council, and shall call a special meeting on the requisition in writing of any three members. Not less than three days' previous notice in writing of the place and time of any special meeting shall be given to all members of the Council.

16. (1) The Council may from time to time appoint standing or special committees, and may delegate any of the powers and duties of the Council to any such committee.

(2) Any committee to which any powers or duties are delegated as aforesaid may, without confirmation by the Council, exercise or perform such powers or duties in like manner and with the same effect as the Council could itself have exercised or performed them.

17. The Council shall be the governing body of the

College through which the corporation of the College shall act, and shall have the entire management of and superintendence over the affairs, concerns, and property of the College, and, subject to the provisions of this Act, shall in respect of all such matters have authority to act in such manner as appears to it to be best calculated to promote the interests of the College or of any other institution controlled by the Council.

The Professorial Board

22. There shall be a Professorial Board of the College, consisting of all the professors of the College for the time being and of such lecturers of the College for the time being as the Council may from time to time appoint to be members of the Professorial Board.

23. (1) Whenever there is no Principal in office, the Professorial Board shall, at its first meeting held after such office becomes vacant, and at its annual meeting each year, elect one of its members, being a professor, to be the Chairman ; and if it fails to do so the Council may appoint a professor to be the Chairman.

(2) The Chairman, not being the Principal, shall hold office until the appointment of a Principal, or until the election or appointment of his successor under this section, whichever happens first, and shall be eligible for re-election or reappointment, but shall not hold office for more than two terms of office in succession.

24. The Professorial Board may from time to time appoint one of its members, being a professor, to be the

(3) At every meeting of the Professorial Board a quorum shall consist of such number of members as the Board with the consent of the Council from time to time determines, and no business shall be transacted unless a quorum is present.

(4) Save as expressly provided herein, the Professorial Board shall have power to make rules as to the time and place of its meetings and the procedure thereat.

26. (1) The Professorial Board shall be subject to the control of the Council, and shall have power of its own motion, or at the request of the Council, to make recommendations or reports to the Council in any matter affecting the College, and, in particular, may make recommendations or reports with respect to—

(a) The courses of study at the College and the times of lectures :

(b) Rules as to the attendance of students :

(c) The subjects of examination for scholarships, exhibitions, prizes, and other College distinctions and awards.

Provided that any person aggrieved by any action of the Professorial Board may appeal to the Council, whose decision shall be final.

Financial Provisions

27. All benefactions at any time vested in or enjoyed by the College with a declaration of trust, or as an endowment for the promotion of any particular branch of science or learning, shall be strictly applied by the Council accordingly.

28. (1) Subject to the provisions of this Act and to the terms of any trust or endowment, the annual income of all real and personal property from time to time vested in or belonging to or enjoyed by the College shall be applied in such manner as the Council thinks fit towards all or any of the following purposes :—

- (b) Generally in doing whatever the Council thinks expedient in order that the College may best accomplish the purpose for which it is established.

(2) Notwithstanding anything in the *last preceding* subsection, the Council may from time to time set apart such portion of the annual income as it thinks fit, and may either add such portion to the capital fund or set it aside as a reserve fund to meet extraordinary expenses and in the meantime to accumulate at interest.

(3) Except with the precedent consent of the Minister of Education, the Council shall not apply for the purposes of any residence, hostel, or boarding-house for professors, lecturers, or students, or of any institution other than the College, any portion of the income or capital moneys of the College that is not required by some Act other than this Act or the terms of a trust or endowment to be so applied.

29. Subject to the terms of any trust or endowment, any moneys belonging to the College and available for investment may be invested in accordance with the provisions of the Trustee Act, 1908, as to the investment of trust funds, or in such other manner as the Governor-General from time to time approves.

30. The Council may, out of the general fund of the College, pay and reimburse to members of the Council the reasonable travelling-expenses incurred by them in respect of their attendance at meetings of the Council or of any committee of the Council or otherwise in transacting the business of the Council.

31. The Council may in any year expend out of the general fund of the College for purposes not authorized by any law for the time being in force any sum or sums not exceeding in the aggregate *one hundred* pounds.

32. There shall be payable by the students of the College such fees as the Council from time to time prescribes.

Endowments

33. (1) The land described in the First Schedule hereto shall continue to be vested in His Majesty as an endowment for the College.

(2) The said land shall be held and administered as Crown land under such of the leasing provisions of the Land Act, 1924, as the Minister of Lands from time to time thinks fit; and the net rents and other proceeds derived therefrom and remaining after payment thereof of all necessary expenses attendant on the management and administration of the said land (including the expenses of survey and roading) shall, without further authority or appropriation than this Act, be paid over from time to time to the Council for the purposes of the College.

34. (1) The land described in the Second Schedule hereto shall continue to be vested in the College in trust as a site for the College buildings and as grounds appertaining thereto.

36. (1) The Council may grant leases of the lands of the College (other than the land described in the First and Second Schedules hereto), and for that purpose is hereby declared to be a leasing authority within the meaning of the Public Bodies' Leases Act, 1908.

(2) Save as authorised by the last preceding subsection, the Council shall not, without the previous consent of the Governor-General, sell, mortgage, or otherwise alienate such lands, or any part thereof.

HISTORICAL NOTE

VICTORIA UNIVERSITY COLLEGE was the last of the four main constituent colleges of the University of New Zealand to be established. It thus completed, apart from special provision for agricultural teaching, and within thirty years of the foundation of the first college, the general structure of the country's institutions for university work. Otago University was founded by a provincial ordinance of 1869, and was followed by the University of New Zealand set up by the general Legislature under the New Zealand University Act of 1870. The intention of the Legislature was that the two universities should coalesce, but this proved impracticable, and it was not till after many negotiations that Otago University agreed to abandon its independent status and affiliate to a purely examining university. This University, planned on the model of the University of London, was provided for by a second act, the New Zealand University Act of 1874. To it were affiliated not only the University of Otago and Canterbury College (also founded and endowed by a provincial ordinance, in 1873) but a large number of secondary schools all over the Colony which were prepared to give instruction of university standard, undergo inspection by the University, and present candidates for its examinations. But all safeguards, such as inspection, broke down, and within a few years grave abuse of the system existed. Despite this situation, however, the University Senate thought both to maintain the standard of its degrees, and to secure universal respect for them, by excluding university teachers from examining, except for University entrance, and before the end of the first decade had arranged for all other examinations to be carried on from Great Britain.

Discontent, however, was widespread over the Colony, not least among the professors of the two institutions of university rank. Driven by this discontent the Government, at the end of 1878, set up a Royal Commission to report upon the operations of the University and its relations with the secondary schools, 'and upon the best means of bringing secondary and higher education within the reach of the youth of both sexes.' The Commission made its main report regarding the University in July 1879, supplying a draft Bill which incorporated its recommendations in the following year. It recommended that the system of affiliation as it then existed should be abolished, and that two further university colleges should be immediately set up, at Auckland and Wellington, with sites and buildings provided by the Government and endowment in land or money of £4,000 each per annum. It also recommended that the four resulting colleges should not be affiliated, but should form a federal University, the examinations of which should be conducted in the Colony, and ordinarily by the teachers of the University. 'Our desire is,' added the Commissioners, 'that each college may acquire a marked individuality, such as to demand recognition in the form of the examinations, and to secure for it a special reputation, which may at some future day be the foundation of its success as a separate and independent University.'

Unfortunately this report was made just at the outset of the great depression of the 80's, so that there were added to natural inertia what seemed to be sound economic reasons for doing nothing. Nevertheless a college was established in a small way at Auckland by the Auckland University College Act, 1882, and by 1887 the old system of affiliation of secondary schools had disappeared.

It was made clear that only university colleges could henceforth be affiliated. But nothing was done for Wellington—though the need there was demonstrably as great as that in any other part of the colony—until in 1887 Sir Robert Stout, then Premier, introduced his 'Wellington University College Bill,' to found a college serving the Wellington, Hawke's Bay and Taranaki districts. This Bill handed over the Government departments of science and the Colonial Museum and their staffs to the new college, and made Sir James Hector, the Director of the Geological Survey, who was already Chancellor of the University, its Warden; £1,500 extra per annum was to be granted. It was Stout's hope that the Wellington college, being at the seat of government and of the Court of Appeal, might specialise in the teaching of law, political science, and history, as well as in some departments of science. The Bill passed the House of Representatives, but was shelved by the Legislative Council. A new ministry coming into office in 1888, the matter lapsed for seven more years, in spite of the constant urgings of the University Senate and Court of Convocation. In 1894 Stout again came forward with a 'Middle District of New Zealand University College Bill'—the Middle District now comprising not merely Wellington, Hawke's Bay and Taranaki, but Nelson, Marlborough and Westland as well. No provision could be made in a private member's bill for the expenditure of money, and though the Bill was finally passed and the Government even appointed certain members of a college council, no further step was taken. The only reserves ever set apart in the Middle District for the endowment of university education were in Taranaki.

The final step was taken by Mr Seddon, the Premier, on his return from the Diamond Jubilee celebrations. His

Victoria College Act, passed on 22 December 1897, founded the College 'in commemoration of the sixtieth year of the reign of Her Majesty Queen Victoria.' It was to be a Liberal foundation, bringing university education within the reach of the working classes through direct contact with the primary schools; to ensure ultimate government control any land granted to the College was to remain vested in the Crown, and the table of College fees was subject to Crown approval. The relation of the College to the schools was fixed by the establishment of a system of 'Queen's Scholarships.' These scholarships were to be six in number, to be awarded to children of either sex under the age of 14 years on the results of an examination conducted by the College Council, which children were then to receive two years of secondary and three years of university instruction. The scholarships were payable out of the annual government grant to the College of £4,000; this grant, apart from the prospective income from a parcel of land of 4,000 acres reserved by the Act in the Nukumaru Survey District, and from fees—which were made exceptionally low—was the College's sole income. To add democratic to government control, the governing body of the College, the Council, was to consist of three members appointed by the Governor-in-Council, three elected by the members of the General Assembly resident in the University District, three elected by graduates of the College, either by examination or *ad eundem*, when their number reached thirty (until then by all graduates in the district with a British University degree), three by certificated school-teachers, three by Education Boards, and one by the Professorial Board of the College (no professor or lecturer being eligible for election). The first Chairman of the Council was Mr J.

R. Blair (1898-9) ; he was followed by Sir Robert Stout (1900-01).

As an initial step, the Council decided to found four chairs, and the following professors were appointed : *Classics*, John Rankine Brown¹; *English Language and Literature*, Hugh Mackenzie²; *Chemistry and Physics*, Thomas Hill Easterfield³; and *Mathematics and Mathematical Physics*, Richard Cockburn Maclaurin⁴. The College was affiliated to the University in February 1899 ; early in that year the four professors arrived, and as soon as possible classes were organised and lectures begun. In the absence of a proper building the Council was offered by the Government the Premier's residence in Tinakori Road, then vacant ; but this being thought unsuitable, arts classes were held in the Girls' High School, Pipitea Street, after school hours, and science classes in the Technical School in Victoria Street. The number of students in 1899 was 115, plus 9 exempted students.

On the basis thus laid the College as it exists at present was fairly steadily built up, though not without controversies and certain unhappy experiences. Additional chairs were founded from time to time, as follows : Modern Languages 1902, Biology 1903, Law (two chairs) 1906, Mental and Moral Philosophy 1907, Physics (separated from Chemistry) 1909, Economics (T. G. Macarthy Chair) 1920, Education 1920, History 1921, Geology 1921, Agriculture 1925-27, Political Science 1938 ; while, mainly

in the 1920's and later, the separate departments were strengthened by the appointment of full-time, and in certain cases part-time, lecturers.

The governing body of the College was altered by the Victoria College Amendment Act, 1914, to comprise two members appointed by the Governor-in-Council, two appointed by the Professorial Board, one appointed by the Wellington City Council, and members elected as follows : Four by the District Court of Convocation, two by members of Education Boards, one by the governing bodies of secondary schools, two by primary school-teachers, one by teachers in secondary and day technical schools. Under the Victoria University College Act, 1933, one of the representatives of the Professorial Board was to be the Principal, whenever appointed. Student representation on the Council was provided for in 1938, by a section of the Statutes Amendment Act, which added a member to be appointed by the Executive of the Students' Association. By this Act, also, the Council was freed from the necessity of having its by-laws approved by the Governor-General.

THE BUILDINGS

For some time after the passing of the Victoria College Act there was considerable argument over the provision of a site for a College building, which was terminated, not entirely to the satisfaction of well-wishers of the new institution, by the passing of an act (the Victoria College Site &c. Act) in 1901, which empowered the Council to acquire part of a town reserve on Salamanca Road—six acres of hill, carrying with it a magnificent view and the certainty of great expense in development. The Government made a grant of £31,000 towards the cost of building, and the first portion of the present structure, designed by Messrs Penty & Blake, was opened on 30 March 1906 by

Lord Plunket, then Governor of the Colony. A further portion, forming a wing at the rear of the Arts Building, was completed in March 1910. In 1919 the Government made a grant for the north wing, thus providing new and much-needed accommodation for the Library, as well as additional class-rooms, a Women's Common Room and a Tea Room. Into the wall of this wing, just outside the entrance, was built a stone for a memorial of those students of the College who had died in the Great War. They are also commemorated by the stained glass window and brasses in the Library, which were unveiled as part of the Silver Jubilee celebrations of 1924. The south wing was provided for by another Government grant made in 1921, to provide further accommodation for the science departments. This completed the buildings until the erection of the new Administration and Biology Blocks in 1937-9, also paid for by the Government through a grant of about £50,000; these last portions were designed by Messrs W. Gray Young and Francis H. Swan. The wooden gymnasium was built by public subscription in 1909, the tennis courts below being excavated by the students themselves in 1905.

FINANCE

The College has virtually no endowment in land, and none in money that is available for general purposes. The benefit of revenues derived from the Opaku Reserve in Taranaki, to which it has laid claim, was by the Taranaki Scholarships Act, 1905, confined to the youth of Taranaki, who may be granted 'Taranaki Scholarships' on the results of the University Entrance Scholarship examination. Nearly all university activity in the Victoria University District therefore has depended and depends on Government finance, either through statutory grants or grants for

special purposes. The early Queen's Scholarships crippled the College financially in its first years ; an amending act of 1903 provided for six Junior and four Senior Scholarships of this type, but in 1906 the College was relieved of their payment, and in 1907, by an amending act to the Education Act, they were abolished. £4,000 per annum was obviously not enough for the administration of a university college, even if it had not been expanding, as this one was, and in 1905 an additional annual grant of £2,000 was instituted, for 'specialisation in Law and Science'—though, in reality, such specialisation does not seem to have been expected. A further increase of £3,000 was made in 1914 by the New Zealand University Amendment Act of that year, which readjusted the finances of all the colleges, plus a share of the 'National Endowment' amounting to upwards of £1,900. This Act consolidated all the grants apart from that from the National Endowment into a single annual grant of £9,000, which was again increased (from 1 April 1920) by the New Zealand University Amendment Act, 1919, by £2,500—of which £850 was a special grant for a chair of Education. A short act amending the College Act in 1923 gave the Council power to levy its own class fees without the previous approval of the Governor-in-Council. Still another University Amendment Act, in 1928, increased the statutory grant, apart from the special Education grant, to £11,750. From this point the grant receded, as the Government instituted economies in the Depression ; in 1931 it was reduced to £9,431 18s., and the grant for the chair of Education was withdrawn ; in 1932 it became £7,350 and was made no longer statutory, but subject to annual vote. In 1934 it was increased to £7,800, in 1935 to £10,145 and later £12,166, and in 1936 to £14,320. In 1938, as the result

of discussion on the relation of the University to the Public Service, the Government decided to make a new annual grant of £2,000, to found a Department of Political Science and Public Administration, thus in some sort fulfilling the wish expressed by Sir Robert Stout as long ago as 1886.

One partly endowed chair exists, the T. G. Macarthy Chair of Economics, which owes its origin to a grant of £10,000 made by the Trustees of the late T. G. Macarthy in 1915 ; owing to delay caused by the War, the chair was not actually founded till 1920. A chair of Agriculture was endowed by a gift of £10,000 from Sir Walter Buchanan in 1923, and filled in 1925. Auckland University College, however, had almost simultaneously founded a School of Agriculture, and both Colleges agreeing to join in founding the Massey Agricultural College at Palmerston North in 1927, the income derived from the Buchanan Trust funds was thenceforth made over to the new College, to which the chair was also transferred. The sum of £10,000 was also, in 1915, left to the College under the will of Sarah Anne Rhodes, to provide for the education of women ; in 1921 the Council arranged with the Trustees to devote the income to the fostering of Home Science, through the institution of a Sarah Anne Rhodes Fellowship or Scholarship ; in 1930 the regulations were altered to provide for a Travelling Fellow and/or a Lecturing Fellow. Monetary gifts and benefactions have provided a number of other scholarships of varying value, for both men and women students⁵. Between 1933 and 1937 the Carnegie Corporation of New York made generous allocations to the Library, in money or in kind, of \$32,500. The greatest benefaction ever received by the College, how-

⁵See pp. 87 ff., 156 ff.

ever, was the £77,500 left by Mr William Weir in 1926, to provide and maintain a hostel for men students.

HOSTELS

Great need had always been felt of hostels, both as an aid to the corporate life of students and as a solution to the problem of getting adequate board and lodging in Wellington, and as a Government subsidy was by statute payable on voluntary contributions to the University or its Colleges, the Weir Bequest seemed of even greater value than it actually was. Plans were therefore drawn up on a large scale by Messrs W. Gray Young and Francis H. Swan for a building on a good site near the College. A University Amendment Act of 1928, however, limited the Government subsidy on any bequest to a maximum of £25,000, and with the coming of the depression the Government refused to pay any subsidy at all. This caused substantial modifications of the plans, even after the foundations had been laid, and the completion of the structure had to be indefinitely postponed. Weir House was opened by the Governor-General, Lord Bledisloe, on 6 March 1933. It accommodates 88 students. The first Warden was Dr I. A. Henning ; and the first Matron, Miss I. K. Irvine.

No similar large-scale provision for women students has yet been attainable. The generosity of the Society of Friends in 1915 provided a specially-built hostel for Training College students, where those who were students of both institutions could find accommodation ; but when the Training College was closed during the depression this hostel was also closed. A valuable beginning was made in 1909 by the Women Students' Hostel Society, which, though not officially connected with nor under the control of the College, has carried on since that date Victoria

House, 282 The Terrace, with accommodation for 33 students. This Society in 1938 acquired a second house, 216 The Terrace, which is similarly maintained, accommodating 15. There exists still, however, a considerable problem, which urgently needs solution.

GENERAL DEVELOPMENT

In spite of the terms of the original Victoria College Act, 1897, and in spite of the fact, also, that its full-time students were always in a small minority, the College from the first built up a fairly vigorous and independent corporate life. Its independence and vitality were shown in the University Reform movement of 1908-14, of which professors of the College were among the leaders, supported strongly by their own students. So far as the College was concerned, this resulted in certain changes in the constitution of the Council, giving the professors direct representation thereon (the Victoria College Amendment Act, 1914), and in larger Government grants (the New Zealand University Amendment Act, 1914). Strong, though unsuccessful, resistance also was shown to the public outcry for the victimisation of a professor of German blood in 1915; in the War 620 students and old students served with the Forces, and 150 sacrificed their lives. During and after the War the movement for University reform was carried on, both by the Board of Studies set up by the University Amendment Act, 1914, and by University teachers, mainly of Victoria and Canterbury Colleges. This movement centred round the demand for the reform of the examining system by the abolition of examinations conducted from abroad, as recommended by the Royal Commission of 1879; round the distribution of 'special schools,' in which this College was not directly interested to any great extent; and round the later de-

mand for the creation of four separate universities. The upshot was the second Royal Commission on the University, which reported in 1925 in favour of the creation of a federal system as a transitional measure of indeterminate duration. Such a system was established, very imperfectly, by the New Zealand University Amendment Act, 1926, and succeeding Acts ; under the 1926 Act the College became in status a constituent college of a federal, and no longer merely an affiliated college of an examining, University. Its internal administration was made more rational by the appointment in 1938 of a Principal, provided for by the consolidated Victoria University College Act, 1933, but postponed pending the College's emergence from the period of straitened finance. Professor T. A. Hunter became the first Principal.

Student organisation, and student thought on the problems of the College and the University, are practically coeval with the College. The 'Victoria College Students' Society' was founded on 6 May 1899 at a meeting held at the Girls' High School. A new constitution was passed in 1903 and the name of the Society altered to 'Students' Association'. It was the Association which in this year moved for the acquisition of a coat-of-arms for the College ; it raised money vigorously towards the cost of the College buildings, and in other ways played a great part in the critical formative years of the corporate body. *The Spike, or Victoria University College Review*, was first published in 1902. *The Old Clay Patch*, a collection of verse by students, appeared in 1910, and a second edition in 1920. The Debating Society was founded in 1899, and round the central association rapidly grew most of the College clubs now in existence.

ADULT EDUCATION

Adult Education has been provided for, to the best of the College's ability, since 1915, when the Workers' Educational Association, then at the outset of its work in New Zealand, established three tutorial classes in Wellington. The movement grew on lines rather different from the English model, being limited by inadequate financial resources (its main recourse, in spite of support from public bodies, being to Government grants) and the consequential small extent to which it could employ tutors for the wide country districts, both in the North and in the South Island (Nelson and Marlborough). It has therefore had to work in the country largely by means of 'box courses', and 'discussion courses' carried on by post, a tutor-organiser covering what ground he could. In 1932 the Government grant was withdrawn altogether, and though in 1934 the movement was saved by a tapering grant from the Carnegie Corporation, the Association could no longer maintain a full-time tutor-organiser. With the return of the Government grant in 1936 it was possible to extend the work once more, and first one tutor-organiser for country work was appointed in 1936, and then a second

in 1938. Two additional grants were made by the Government in 1937, one specifically for tutorial work in Public Works Camps. Meanwhile other agencies for adult education had come into being, and it was felt that some co-ordination of effort and expenditure was necessary. At the request of the Minister of Education, the Hon. P. Fraser, a committee was set up by the University Senate to go into the matter, and as a result of its report there was formed in 1938 a Council of Adult Education, through the agency of which it was intended to put the work of the W.E.A., among other organisations, on a new and much more satisfactory basis all over the country.

SEAL AND ARMS

The College seal is lozenge shaped with a representation of a figure of Queen Victoria standing crowned and sceptred with the legend 'Seal of the Victoria University College, Wellington, New Zealand, 1897.' The motto is *Sapientia magis auro desideranda.*

The Arms are vert on a fesse engrailed between three crowns or, a canton azure charged with four estoilles argent (in the form of the Southern Cross). The Crest is that of the Duke of Wellington.

VICTORIA UNIVERSITY COLLEGE STUDENTS' ASSOCIATION (INC.)

The Students' Association is the official link between the students of the College and the College authorities. All students of the College are automatically members of the Students' Association. In addition, all graduates of the University of New Zealand, and all persons who have attended lectures at any University or University College for at least one year are, subject to payment of the requisite fee, entitled to membership of the Students' Association.

The objects of the Students' Association are to deal with all matters in which the students as a body are interested ; to promote sports and social activities amongst its members ; the control of official publications ; to conduct the Easter Inter-University Tournament and the annual Capping Celebrations ; and to conduct all other student activities designed to promote student interest and welfare.

Student activities are controlled by the Students' Association Executive, an annually elected body of twelve members of the Association. The various cultural, sporting, social and intellectual interests of the student body are catered for by Clubs and Societies affiliated to the Students' Association.

Full information as to any matters affecting the Students' Association may be obtained on application to the Executive Room.
